Dear ...

I write as both an avid pub-goer and also as I

for my branch of CAMRA –

Please see below the note from CAMRA. My branch overlaps slightly with your constituency (within which I reside), and you may be aware that many pubs in my branch are owned by Enterprise Inns. Some of these have closed in the last 2 years through what appear to be excessive rent demands relative to income from trade, and we now have the case where Enterprise appears to not be prepared to sell or let the one as a public house – the one

I seek your support for the campaign for pubco reform, and would ask you to write to Vince Cable & Jo Swinson (as suggested below) in accordance with the draft text CAMRA provides within the link highlighted.

I hope you're able to give a positive response to this.

Best regards,

Bulford 6/...

## Please ask your MP to support pubs and back pubco reform.

We're writing to ask you to take part in the next stage of CAMRA's campaign calling for reform of the big pub companies to help save the nation's pubs.

These big pubcos are making life difficult for hard working licensees by taking excessive profits from pubs – so licensees and pub goers alike suffer. The Government has now launched a consultation and is proposing:

- A powerful new Code and Watchdog to ensure fair dealing by big pub companies
- A new choice for licensees to opt out of restrictive tied agreements and just pay a fair market rent to their pubco
