Sir/Madam,

I am writing to highlight the urgent need for significant reform of the current Pubco regulations. The initial concept has signally failed to remedy the initial concerns giving rise to the Pubco proposals.

The result is a failing process in what is a vital part of the British tradition where I witness regular and unwarranted closure of pubs around the country. Please support comprehensive revision of the Pubco system and stop protecting the voracious pubcos who have failed to merit the protection they have been given over the years..
