1. Inspections are carried out on an annual cycle and the table includes all inspections taking place up to 30 June 2011 and that have subsequently been published. These data include the first cycle of 152 inspections of LAs that took place between June 2009 and August
2. The current definition of what constitutes a priority action was introduced on 1 April 2010. There are, therefore, no data on priority actions for the first year of the inspection cycle.

1. The grading system for the Children's Services Assessment (CSA) is different to that used in inspections of local authorities' children's services. The grading is reverse in the CSA so that 4 is 'Performs excellently', 3 is 'Performs well', 2 is 'Performs adequately' and 1 is 'Performs poorly'.

2. The 2009 rating formed part of the wider Comprehensive Area Assessment, lead by the Audit Commission. The CAA was discontinued in spring 2010. The 2010 assessment is a stand-alone Ofsted assessment of LA children's services.
