From our preliminary assessment, it is clear that we will not be able to answer your request without exceeding the cost limit of £600 provided under Section 12 of the Act. This represents the estimated cost of one person spending 3.5 working days in determining whether the Department holds the information, locating, retrieving and extracting the information. The Act provides that we are not obliged to comply with requests where the estimated cost of complying would exceed this limit.

Providing you with the information would require us to search the files of every campaign which BIS advertised. Our records are maintained on an individual basis and therefore we are not able to report on how many roles were filled and when.
