

**Annex C****our ref: IA/00965/11**

The top 10 reasons for failing a car practical test faults in each of the 2008/9 to 2010/11 financial years incurred broken down by gender

<b>2008/9</b>		
	<b>Male</b>	<b>Female</b>
1	Junctions - observation	Junctions - observation
2	Move off - safely	Reverse left - control
3	Mirrors - change direction	Reverse park - control
4	Junctions - turning right	Mirrors - change direction
5	Positioning - normal driving	Control - steering
6	Control - steering	Move off - control
7	Reverse park - control	Move off - safely
8	Maintain progress - speed	Junctions - turning right
9	Response to signs - traffic lights	Positioning - normal driving
10	Reverse left - control	Response to signs - traffic lights

<b>2009/10</b>		
	<b>Male</b>	<b>Female</b>
1	Junctions - observation	Junctions - observation
2	Move off - safely	Reverse left - control
3	Mirrors - change direction	Reverse park - control
4	Junctions - turning right	Mirrors - change direction
5	Reverse park - control	Control - steering
6	Positioning - normal driving	Move off - control
7	Control - steering	Move off - safely
8	Response to signs - traffic lights	Junctions - turning right
9	Reverse left - control	Positioning - normal driving
10	Maintain progress - speed	Response to signs - traffic lights

<b>2010/11</b>		
	<b>Male</b>	<b>Female</b>
1	Junctions - observation	Junctions - observation
2	Mirrors - change direction	Mirrors - change direction
3	Move off - safely	Reverse left - control
4	Junctions - turning right	Reverse park - control
5	Positioning - normal driving	Control - steering
6	Response to signs - traffic lights	Move off - control
7	Control - steering	Junctions - turning right
8	Response to signs - traffic signs	Move off - safely
9	Maintain progress - speed	Positioning - normal driving
10	Move off - control	Response to signs - traffic lights

The above information is based on serious and dangerous faults incurred on the car practical test
