### IMPORTANT NOTES

**RESTRICTION ON BAIL** - Although originally piloted in a small number of areas, from 2006 in England and 1 April 2009 in Wales, RoB was extended to all Local Justice areas (not limited to the DIP intensive areas) meaning that any adult defendant brought before a court with a positive drug test could have the provision applied, regardless of where they live in England or Wales.

**CONDITIONAL CAUTIONING** - Conditional Cautioning with a DIP drug rehabilitative condition has been operating in a small number of early implementation areas since 2005 and is now available in all BCUs in England & Wales.

**CHILDREN & YOUNG PEOPLE** - The interventions described in this document apply only to adults of 18 years and over. There are separate processes relating to children and young people, which are now managed under the Prevent & Deter section of the Prolific & other Priority Offender (PPO) Programme rather than under the Drug Interventions Programme.

**SELF-FUNDED DRUG TESTING AREAS** - Drug testing sites shown in red are self-funded rather than centrally-funded by additional allocation from DIP.

**TESTING ON CHARGE POLICY** - The Testing on Charge only policy ended in March 2009. Devon & Cornwall Police and Staffordshire Police discontinued testing in October 2008.

*Document produced by DIP Strategic Communications Team, June 2009. Details correct at time of publications but please note that some information may change between document updates.*
