Group 1

Smart Electricity Meter Variants
Smart Meter Microgeneration
Consumer Access to Smart Meter Data
Difficult Property types / Meter Positions

Group 2

Smart Meter In-Home Display
Smart Gas Meter Variants
Smart Gas Meter Battery Life
Smart Meter Installation & Maintenance
Smart Prepayment Meters

Smart Meter Tariffs

HOTHOUSE

The Hothouse concentrates the Design Working Groups to complete the final assembly and assurance of the Smart Meter Specifications.

Group 3

Home Area Network

Application Data Layer

Smart Meter System Architectures

Normative References for Smart Meters

Smart Meter Interoperability

Group 4

Smart Meter Use Cases

Smart Meter Data Modelling

Smart Meter Extended Statement of Design Requirements

(ESoDR)

GB Smart Meter Specification
