

APPENDIX C

West Midlands - Existing adopted Local Plans and saved policies

In the West Midlands there are 30 local authorities with adopted local plans. Development plan documents which were adopted shortly before the date of publication of the Regional Spatial Strategy in January 2008 will have been prepared in parallel with preparation of the Regional Strategy, and so are likely to have anticipated and may have reflected its policies. For the purposes of preparing this Environmental Report it has been assumed that only development plan documents adopted in December 2007 or afterwards are in general conformity. On this basis 10 local authorities have core strategies in place which are in general conformity with both the requirements of the 2004 Planning and Compulsory Purchase Act and the policies set out within the West Midlands Plan. The other 20 authorities in the region have local plans at different stages of development, with adopted plans put in place before the West Midlands Plan was adopted in January 2008 and therefore not necessarily in general conformity with the regional policies.

There are 14 mineral and waste authorities. Some are working together to prepare minerals and waste policies under a single plan or core strategy, others are working individually and have separate minerals and waste policies, and 4 authorities includes minerals and waste policies as part of their wider Core Strategy. Of the 15 (in total) plans covering minerals and waste policies, 2 are in general conformity with the policies set out within the West Midlands Plan since they were adopted in January 2008 and 13 which were adopted well before January 2008 and therefore not necessarily in general conformity with the regional plan.

These Plans would form part of the Development Plan in the absence of the Revoked Regional Strategy.

Table 1 shows a summary of the housing, gypsy & traveller pitches and plots for travelling showpeople, renewables, and employment policies/targets within the West Midlands Plan and in adopted local authority plans and core strategies.

Table 2 presents a summary of the Mineral and Waste policies/targets within the West Midlands Plan and those in mineral and waste plans.

Appendix C - SEA of Revocation of West Midlands Regional Strategy

Table 1

	Planning Authority	Current status ¹	Other relevant policies ²	West Midlands Plan Provision/Targets	Local authority adopted Plan Provision/Targets
1	Birmingham	Local plan (adopted Oct 2005) saved policies	The Longbridge Area Action Plan	HOUSING PROVISION	No current Local Plan provision for new housing and no annual breakdown of housing targets
				Policy CF3 states that Development plans should make provision for additional dwellings to be built at the annual rates. These rates are to be applied as minima for the MUAs and maxima elsewhere. Birmingham annual average rate of Housing provision = 3000 (2007–2011 & 2011–2021)	
				GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	Provision in Local Plan - City Council currently <i>provides</i> 15 pitches <i>for travellers</i> at an official site at Castle Vale. Should further provision be deemed necessary during the Plan period to meet the needs of travellers an additional site (or sites) will be identified.
				<u>No targets for individual local authorities</u> although Policy CF5 states that Development plans should ensure that adequate provision is made for suitable sites to accommodate gypsies and other travellers. Such provision should reflect the order of demand in the area as indicated by the trends shown by the ODPM annual count and any additional local information.	
				RENEWABLES	Policies & targets in local plan. The City Council is committed towards carbon dioxide reduction and renewable energy targets, in line with the Government's current target for renewable energy generation, i.e. that 10% of UK electricity requirements should be met from renewable energy sources by 2010. The City Council's current target is to acquire 15% of its own energy use from renewable energy sources and to reduce its CO2 emissions by 30% from 1990 levels by 2010.
<u>No targets set for individual local authorities</u> , although Policy EN1 undertakes to provide locational guidance through supplementary guidance as necessary on the most appropriate locations for each renewable energy technology, having regard to resource potential, the desirability of locating generation sites close to or within areas of demand, and landscape character assessment where appropriate.					
EMPLOYMENT					

¹ Including where saved policies from earlier local plans remain in place, pending approval of the core strategy

² Includes other near complete development plan documents

Appendix C - SEA of Revocation of West Midlands Regional Strategy

	Planning Authority	Current status ¹	Other relevant policies ²	West Midlands Plan Provision/Targets	Local authority adopted Plan Provision/Targets
				<p><u>No targets for individual local authorities</u> but Policy PA6 Portfolio of Employment Land does say that local authorities should aim to provide and maintain a range and choice of readily available employment sites to meet the needs of the Regional economy. This portfolio should be developed in accordance with the Spatial Strategy and will include the following hierarchy of sites:</p> <ul style="list-style-type: none"> • Regional Investment Sites (RIS) – policy PA7; • Major Investment Sites (MIS) – policy PA8; • Regional Logistics Sites (RLS) – policy PA9. 	Policy in Local Plan with sites identified over 4 years, giving an estimated annual requirement of 16ha of employment land. However, no direct link with the number of jobs this will provide is available
2	Bromsgrove	Local plan (adopted Jan 2004) saved policies	The Longbridge Area Action Plan	HOUSING PROVISION	No current Local Plan provision for new housing and no annual breakdown of housing targets
				Included within Worcestershire's allocation within policy CF3, which sets an annual average rate of housing provision of 1200 (2007-2011) and 1000 (2011-2021)	
				GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	Policy and provision for 6 pitches in the local plan
				See policy as set out for Birmingham	
				RENEWABLES	No references to renewable targets are within the Local Plan
				See policy as set out for Birmingham	
EMPLOYMENT	No current provision for Employment Land in Local Plan				
See policy as set out for Birmingham					
3	Cannock Chase	Local plan (adopted Mar 1997) saved policies		HOUSING PROVISION	No current Local Plan provision for new housing and no annual breakdown of housing targets
				Included within Staffordshire's allocation within policy CF3, which sets an annual average rate of housing provision of 2500 (2007-2011) and 1600 (2011-2021)	
				GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	No provision for pitches in the local plan
See policy as set out for Birmingham					

Appendix C - SEA of Revocation of West Midlands Regional Strategy

	Planning Authority	Current status ¹	Other relevant policies ²	West Midlands Plan Provision/Targets	Local authority adopted Plan Provision/Targets
				RENEWABLES	
				See policy as set out for Birmingham	No references to renewable targets in Local Plan
				EMPLOYMENT	
				See policy as set out for Birmingham	No current provision of Employment Land available in Local Plan
4	Coventry	Local plan (adopted 2001) saved policies		HOUSING PROVISION	
				Annual Average Rate of Housing Provision – 650 (2007–2011) and 830 (2011–2021)	No current Local Plan provision for new housing and no annual breakdown of housing targets
				GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	
				See policy as set out for Birmingham	Policy but no pitch numbers available in the Local Plan
				RENEWABLES	
				See policy as set out for Birmingham	No references to renewable targets in Local Plan
				EMPLOYMENT	
				See policy as set out for Birmingham	No current provision of Employment Land in Local Plan
				HOUSING PROVISION	
				Annual Average Rate of Housing Provision 700 (2007–2011) and 975 (2011–2021)	Black Country Core Strategy (2011) covers Dudley; Total Net Dwellings for Dudley (2006-26) = 16127. No annual breakdown of housing targets.
5	Dudley	The Black Country Core Strategy (adopted Feb 2011) (Joint - Dudley, Sandwell, Walsall, Wolverhampton) - replacing the housing, employment and minerals policies	Local plan saved policies Brierley Hill Area Action Plan	GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	
				See policy as set out for Birmingham	The Joint Core Strategy Policy states indicative targets for new gypsy and traveller pitches and travelling showpeople plots up to 2018 for each local authority Shows Dudley Permanent Residential Pitches as 21; transit pitches (across the 4 authorities) as 10-12; and Plots for Travelling Showpeople as 6.

Appendix C - SEA of Revocation of West Midlands Regional Strategy

	Planning Authority	Current status ¹	Other relevant policies ²	West Midlands Plan Provision/Targets	Local authority adopted Plan Provision/Targets
		within Dudley's local plan		RENEWABLES	
				See policy as set out for Birmingham	The Joint Core Strategy contains supportive policies – targets of all non-residential developments of more than 1,000 square metres floor space and all residential developments of 10 units or more gross (whether new build or conversion) must incorporate generation of energy from renewable sources sufficient to off-set at least 10% of the estimated residual energy demand of the development on completion.
				EMPLOYMENT	
				See policy as set out for Birmingham	The Joint Core Strategy Policy aim to have 185 ha (five years supply) of land readily available at any one time. This will comprise the following minimum provision of such land for each local authority to form part of the proposed employment land stock set out for 2016 and 2026. For Dudley this is 28ha No direct link with the number of jobs this will provide is available
6	East Staffordshire	Local plan (adopted Jul 2006) saved policies	Staffordshire County Council Waste local plan (adopted Feb 2003) saved policies	HOUSING PROVISION	
				Included within Staffordshire's allocation within policy CF3, which sets an annual average rate of housing provision of 2500 (2007-2011) and 1600 (2011-2021)	No current Local Plan provision for new housing and no annual breakdown of housing targets
				GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	
				See policy as set out for Birmingham	Policy but no pitch numbers available in Local Plan
				RENEWABLES	
				See policy as set out for Birmingham	No policy or references to renewable targets in Local Plan

30	Wyre Forest	Core Strategy (adopted Dec 2010)	Local plan saved policies, Worcestershire Minerals Local Plan (adopted 1997) saved policies	HOUSING PROVISION	
				Included within Worcestershire's allocation within policy CF3, which sets an annual average rate of housing provision of 1200 (2007-2011) and 1000 (2011-2021)	Strategy provision for 4000 Net additional dwellings between 2006-2026
				GYPSY & TRAVELLER & SHOWPEOPLE PITCHES	
				See policy as set out for Birmingham	No provision for pitches within core strategy – to be included in other local policies
				RENEWABLES	
				See policy as set out for Birmingham	Policy in Cores strategy that all new development proposals within the District must demonstrate how they reduce their impact on the environment. The design, layout, siting, orientation, construction method and materials used should seek to maximise energy conservation and efficiency. A minimum of 10% of the energy requirements of major new developments should be met on-site from low or zero-carbon energy sources. Free-standing renewable energy developments will be supported, subject to them meeting the requirements of all other policies within the LDF.
				EMPLOYMENT	
See policy as set out for Birmingham	Provision in Core Strategy for up to 44 hectares of Employment Land n the period up to 2026, but no direct link to the number of jobs this will provide is available				

Table 2

**West Midlands Plan / Adopted Local Plans (as at May 2012)
Minerals and Waste Figures**

The following lists the development plan documents (including mineral and waste development plan documents) and saved local plan policies, which would form the relevant development plan for the areas in question in the West Midlands of England, if the regional strategy and saved structure plan policies were revoked.

Planning Authority	Current status (composition) of the local development framework (including where saved policies from earlier local plans remain in place, pending approval of the core strategy)	West Midlands Plan: Minerals and Waste Figures (adopted Jan 2008)	Local authority adopted Plan Minerals and Waste Figures	Other relevant (saved) policies and other near complete development plan documents (including relevant information)
Staffordshire County Council and Stoke on Trent City Council	Staffordshire and Stoke on Trent Waste Local Plan 1998-2011 (adopted 2003) saved policies Staffordshire and Stoke on Trent Minerals Local Plan (adopted 1999)	<p><u>Waste</u></p> <p>Targets for waste management in the Region Development plans should include proposals which will enable the following Regional targets to be met:</p> <p>i) to recover value from at least 40% of municipal waste by 2005; 45% by 2010; and 67% by 2015</p> <p>ii) to recycle or compost at least 25% of household waste by 2005; 30% by 2010;</p>	<p><u>Waste</u></p> <p>Municipal Waste – Projected Arisings</p> <p>2010 Best estimate of waste arising – 712,623</p> <p>Predicted imported waste – 200,585 Predicted exported waste – 7,126 Annual waste management required – 906,081</p>	<p><u>Waste</u></p> <p>Staffordshire and Stoke on Trent Joint Waste Core Strategy 2010-2026 (publication version submitted to SofS Jan 2012)</p> <p><u>Minerals</u></p> <p>Work on preparing the</p>

Appendix C - SEA of Revocation of West Midlands Regional Strategy

			<p>The Shropshire sub-region produced an average of 0.75 million tonnes (mt) of sand and gravel per year during the period 2005-2009 against a sub-regional apportionment guideline of 0.82mt. This represents 8.1% of the regional target for sand and gravel.</p> <p>The Shropshire sub-region also produced an average of 2.30mt of crushed rock per year during the period 2005-2009 against a sub-regional apportionment guideline of 2.949mt. This represents 50.75% of the regional target for crushed rock. Our evidence base tells us that sufficient crushed rock aggregate resources are already available from permitted sites, but that additional sand and gravel resources may be required within the period up to 2026 to provide for flexibility and local competition.</p> <p><i>[Shropshire Core Strategy. Paragraph 7.29 Pg 123]</i></p>	
Telford and Wrekin	Wrekin Local Plan (adopted 2000) saved policies		Waste No targets set	
Birmingham	Birmingham Unitary Development Plan (alterations adopted 2005)		Waste Although there is likely to be a demand for new commercial waste treatment and processing facilities in Birmingham during the Plan period, at present it is not possible to quantify	

Appendix C - SEA of Revocation of West Midlands Regional Strategy

			<p>this with any accuracy.</p> <p>The City Council will continue to work with adjacent waste planning authorities to establish the likely need and demand for such facilities, and if appropriate, will identify and allocate sites for this purpose in future development plans.</p> <p><i>[Birmingham Unitary Development Plan. Paragraph 3.65 Pg 44]</i></p>	
Coventry	The City of Coventry Unitary Development Plan 1996-2011 (adopted Dec 2001)		<p><u>Waste</u></p> <p>Existing government recycling targets are to recycle or compost 25% of household waste and to have easily accessible recycling facilities for 80% of households by 2000 and to recover 40% of municipal waste by 2005.</p> <p>The City Council is in the course of reviewing its Waste Management Strategy. The Strategy will consider developments in the industry and how best they can be managed in Coventry in the light of national and regional policy guidance.</p> <p><i>[City of Coventry UDP. Paragraph 3.27-3.28 Pg 8]</i></p>	
Solihull	Solihull Unitary Development Plan 2006 (plan period:		<p><u>Waste</u></p> <p>In Solihull in 2001-02, 86,500 tonnes</p>	<p><u>Waste</u></p> <p>Solihull Draft Local</p>

Appendix C - SEA of Revocation of West Midlands Regional Strategy

	<p>2001-2011) (adopted Feb 2006)</p>		<p>of municipal waste (domestic/commercial and collected garden waste) was collected. Two-thirds of this waste was incinerated at the Coventry waste to energy plant, with a quarter going to Packington landfill and the rest recycled. Municipal waste is increasing at a rate of 3% a year, so the estimated arisings by the end of the Plan period exceed 100,000 tonnes per year. The Environment Agency estimates that around 190,000 tonnes of industrial and commercial waste was produced in the Borough in 1998-99. Nearly half the industrial waste was recycled with less than one third going to landfill untreated, although the figures are reversed for commercial waste.</p> <p>Landfill is now the least preferred option for managing waste and reducing the amount of waste is of paramount importance.</p> <p>The policies and proposals have been designed to enable Solihull to achieve the most sustainable waste management system possible within its resources.</p> <p><i>[Solihull Unitary Development Plan 2006. Challenge 10.0.2 – 10.0.5. Pg 121]</i></p>	<p>Plan (pre-submission draft Jan 2012)</p>
