Subject: Energy sector report comments

NAME REDACTED,

I've asked colleagues for comments on the energy sector report for today, as I'll be away next week. We've had very few comments, so if anything else comes in whilst I'm away, NAME REDACTED could forward it, or I will once I'm back from leave. In the meantime, I've attached my own comments.

We had some generic comments (which didn't really fit into the format of the comments template) as follows (these are the comments as they were sent to me):

1) REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.

- REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE.
- REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE.

2) NAME REDACTED, Waste and Decommissioning Nuclear Materials and Waste Strategy Team

The last paragraph of 9.2.1 could be usefully amended as follows:

- A separate qualitative analysis of both operating and decommissioning nuclear power stations and radioactive waste storage sites was undertaken. This found that in all cases over 30% of sites may be at high risk of coastal flooding if adequate defences were not built.

3) REDACTED OUT OF SCOPE.

- REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.

REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE. REDACTED OUT OF SCOPE.
REDACTED OUT OF SCOPE.

We did not receive any comments on the synthesis report.

Regards,

NAME REDACTED.
