<b>TOTAL</b>	<b>22295</b>

<b>Total 2004 Quota</b>	<b>25000</b>
-------------------------	--------------

Note: Country-specific ceilings did not exist within the overall quota for 2004, so IND provided the number of SAWS work cards issued by nationality for that period. It is also important to note that the issue of a work card does not necessarily equate to an individual entering the UK to work on the scheme, e.g. if the individual were ineligible for the required visa.
