(3) Explanation of missed deadlines in March 2012

Action	Reason
5.3 (iii) Provide comprehensive input into the preparatory work needed to allow the Gibson Inquiry to commence in early 2011 and report within the year.	All preparatory work complete, including full FCO disclosure of all relevant documents. However, the Inquiry has not been launched: the Government asked the Gibson Inquiry to bring its preparatory work to a close following the Director of Public Prosecutions/Police January announcement that they would launch an investigation in to allegations of the Government's complicity in the rendition of two Libyans. Sir Peter Gibson will pass a report in April to the Government on the Inquiry's preparatory work.
5.3(iv) Begin to implement the Gibson Inquiry recommendations.	The wrap-up report on the Inquiry's preparations, expected in April, is unlikely to contain policy recommendations. The Government has committed to hold a Judge-led Inquiry in to Detainees once all police investigations have concluded.

(4) External delays

1 action due for completion by December 2011 remains outstanding for reasons outside the Department's control

Action	Reason
4.4 (i) (d) Support the Delivery of an ambitious EU India Free Trade Agreement.	The EU/India FTA negotiations are at an advanced stage, though not yet complete. Negotiations are led by the European Commission rather than individual member states, but the UK has consistently pressed for an ambitious agreement which delivers on our priorities. At the EU/India Summit in February both sides reiterated top level political will for an ambitious and balanced free trade agreement to be concluded this year, with a Ministerial foreseen in June paving the way for possible completion in the autumn.
