Dear Sir or Madam,

**PROPOSED WITHDRAWAL OF MOBILITY ELEMENT OF DLA FOR PEOPLE IN  
RESIDENTIAL HOMES**

I believe this proposal is so wrong at this time for the following two reasons:-

Firstly this would make people living in a Residential Home even more isolated from the community, for many they would not be able to afford taking trips out, sadly reducing even further their quality of life.

Secondly why I believe the timing of this is so wrong, with Residential Homes themselves struggling due to funding cuts I believe there is little chance in future of the Homes supplying transport themselves free of charge.

I do hope these points will be considered relevant and that the Government will have a change of mind on this decision.

With best wishes,

Yours faithfully,
