**SEA 6**

## **Environmental Report**

OCTOBER 2005

STRATEGIC ENVIRONMENTAL  
ASSESSMENT OF DRAFT PLAN FOR A  
24<sup>TH</sup> SEAWARD ROUND OF OFFSHORE  
OIL AND GAS LICENSING

FOR PUBLIC CONSULTATION

# CONTENTS

## NON-TECHNICAL SUMMARY

- 1 INTRODUCTION AND BACKGROUND**
  - 1.1 Introduction
  - 1.2 Scope and purpose of SEA 6 and Environmental Report
  - 1.3 Regulatory context to SEA
  - 1.4 Licensing context
  - 1.5 Organisation of the Environmental Report
- 2 SEA PROCESS**
  - 2.1 Introduction
  - 2.2 Objective
  - 2.3 Scoping the SEA
  - 2.4 Studies and surveys
  - 2.5 Assessment workshop
  - 2.6 Stakeholder workshop
  - 2.7 Further consultation process
- 3 REGULATORY CONTEXT**
  - 3.1 Introduction
  - 3.2 Licensing
  - 3.3 Environmental regulation
  - 3.4 Relationship with other relevant plans and programmes
- 4 THE DRAFT PLAN AND ALTERNATIVES**
  - 4.1 Background
  - 4.2 Draft plan and the alternatives
  - 4.3 Potential activity following licensing in the SEA 6 area
- 5 PHYSICAL AND CHEMICAL ENVIRONMENT**
  - 5.1 Regional overview
  - 5.2 Geology, substrates and shoreline types
  - 5.3 Climate and meteorology
  - 5.4 Oceanography and hydrography
  - 5.5 Contamination of water and sediments
- 6 ECOLOGY**
  - 6.1 Regional overview
  - 6.2 Plankton
  - 6.3 Benthos
  - 6.4 Cephalopods
  - 6.5 Fish
  - 6.6 Marine reptiles
  - 6.7 Seabirds and coastal waterbirds
  - 6.8 Marine mammals
- 7 CONSERVATION**
  - 7.1 Regional overview
  - 7.2 Data sources
  - 7.3 Site and species conservation within the SEA 6 area
  - 7.4 Potential for new conservation sites within the SEA 6 area
  - 7.5 Other marine management initiatives
  - 7.6 Marine and coastal archaeological resources and sites
  - 7.7 Relevant data gaps

- 8 USERS OF THE SEA 6 MARINE AND COASTAL ENVIRONMENT**
    - 8.1 Regional overview**
    - 8.2 Data sources**
    - 8.3 Tourism and leisure**
    - 8.4 Oil and gas**
    - 8.5 Fisheries**
    - 8.6 Ports and shipping**
    - 8.7 Mariculture**
    - 8.8 Military activity**
    - 8.9 Telecommunication cables**
    - 8.10 Renewable energy**
    - 8.11 Coastal settlements**
    - 8.12 Aggregate extraction**
    - 8.13 Marine disposal**
    - 8.14 Locally important coastal activities**
    - 8.15 Relevant data gaps**
  - 9 CONSIDERATION OF THE EFFECTS OF LICENSING THE SEA 6 AREA**
    - 9.1 Introduction**
    - 9.2 Approach**
    - 9.3 Consideration of effects**
    - 9.4 Noise**
    - 9.5 Physical damage to features and biotopes**
    - 9.6 Physical presence**
    - 9.7 Marine discharges**
    - 9.8 Atmospheric emissions**
    - 9.9 Waste**
    - 9.10 Accidental events**
    - 9.11 Potential socio-economic implications**
    - 9.12 Cumulative effects**
    - 9.13 Transboundary effects**
    - 9.14 Environmental problems**
    - 9.15 Monitoring**
  - 10 CONSIDERATION OF EFFECTS OF LICENSING IN AREAS COVERED BY PREVIOUS DTI SEAS**
    - 10.1 Introduction**
    - 10.2 Summary of SEA areas and relevant new information**
    - 10.3 Perspectives on prospectivity, scenarios and activity**
    - 10.4 Discussion**
  - 11 CONCLUSIONS AND RECOMMENDATIONS**
    - 11.1 Conclusions**
    - 11.2 Information gaps**
    - 11.3 Recommendations**
    - 11.4 Overall conclusion**
  - 12 BIBLIOGRAPHY**
- Appendix 1: Glossary and Abbreviations**
- Appendix 2: Expert Assessment Workshop**
- Appendix 3: Stakeholder Workshop**
- Appendix 4: Scoping Responses**
