Ministerial foreword

I am pleased to introduce the framework for the National College for School Leadership, an Executive Agency of the Department for Education. The role of the Agency is to support the Secretary of State's vision for education reform which sees a strong emphasis on the way schools and early years are led. The Agency will provide a focus on the importance of leadership and enable the exchange of emerging practice between the key related sectors of schools and early years leadership with the aim of ensuring the best outcomes for children throughout their education.

I wish the Agency every success as it takes forward this important work.

Nick Gibb MP
Minister of State for Schools

Introduction

1. The National College for School Leadership ('the Agency') is an executive agency of the Department for Education ('the Department'), created in 2012.
2. The Agency will be mainly based in Nottingham on two sites initially – the Learning and Conference Centre and offices in Ruddington. There will be a small presence at DfE Manchester and London sites. The staffing complement on 1 April 2012 will be 233, reducing over the SR period.
3. The National College for School Leadership (the College for short) has responsibility, on behalf of the Secretary of State for Education ('the Secretary of State'), for helping to deliver the Secretary of State's reform agenda for schools, in particular the priorities and vision for school leadership set out in the Schools White Paper: *The Importance of Teaching*. It will also be responsible for leadership development for the foundation years, including children's centres.
4. This Framework Document sets out the arrangements for the governance, accountability, financing, staffing and operation of the College, agreed between the Secretary of State, the Director General for Educational Standards and the Chief Executive of the College, and approved by Her Majesty's Treasury (HMT).
5. This Framework Document and the operation of the Agency will be reviewed under arrangements agreed between the Secretary of State and the Chief Executive after one year, in March/April 2013 (but may be reviewed at any time if they so wish). The period before the next review will be agreed in March/April 2013 and will not exceed three years, in accordance with Cabinet Office guidance.
6. Any amendments to this Framework Document must be agreed by the Secretary of State and the Chief Executive, and by HMT. Any departure from the provision of this Framework Document must be agreed in writing on a case-by-case basis between the Secretary of State, or delegate, and Chief Executive, and an HMT minister if appropriate.
7. Any questions concerning the interpretation of this Framework Document will be resolved, if possible, by agreement between the Chief Executive and the Director General with responsibility for the Agency and, in default of agreement, will be referred for decision to the Secretary of State.
8. Copies of this Framework Document will be published on the Department's website and placed in the libraries of both Houses of Parliament.

Aims and objectives

9. The Department has five medium-term strategic aims, which are mutually reinforcing:
 - i. raising standards of educational achievement;
 - ii. closing the achievement gap between rich and poor;
 - iii. reforming the schools system;
 - iv. supporting all children and young people, particularly the disadvantaged;
 - v. improving the effectiveness and efficiency of the Department.
10. Central to achieving these aims is the need to have excellent head teachers, academy principals, children's centre leaders and other school leaders to drive improvement in the school system and to foster a decentralised culture of self improvement. The College's role is to support the development of a self-improving system led by the leaders of schools and children's centres, working together to deliver improvement so that every child and young person has the opportunity to achieve their best.
11. The College has three medium-term strategic aims:
 - i. To assure the supply of high quality head teachers, principals and other leaders*
 - ii. To improve the quality of leadership of schools, academies and children's' centres*
 - iii. To enable head teachers, principals and childrens centre leaders to lead system improvement in partnership with each other*
12. In carrying out these functions the College is responsible for providing robust quality assurance, designation and de-designation of system leaders and teaching schools, accreditation and evidence-based provision.
13. The Agency will publish a business plan setting out its annual and longer-term strategic objectives as agreed with the Secretary of State at the start of each financial year.

Governance roles and responsibilities

14. The Agency Chief Executive is accountable to the Secretary of State. The Secretary of State is responsible for the policy framework within which the Agency operates; for determining its strategic objectives; for setting its annual key financial and performance targets (which are announced to Parliament by Ministerial statement); approving Corporate and Business Plans; and for monitoring performance against these targets. The Director General for Education Standards will perform an oversight role on behalf of the Secretary of State, but the Chief Executive and Secretary of State will meet regularly to raise matters of concern with one another directly as necessary. Specifically, the Chief Executive and Secretary of State will meet at least annually to discuss and review the Agency's performance. The Chief Executive will also have regular meetings with the Minister with responsibility for Schools.
15. The Secretary of State is accountable to Parliament on all matters concerning the Agency, and accordingly retains the right to intervene in the operations of the Agency if public or parliamentary concerns justify it.

Permanent Secretary (Principal Accounting Officer)

16. The Permanent Secretary's responsibilities as Principal Accounting Officer include:
 - i. ensuring that the Department, including the Agency, uses its resources efficiently, economically and effectively;
 - ii. ensuring the Agency conforms to Departmental and Government policy;

17. The Permanent Secretary will appoint the Chief Executive as Accounting Officer of the Agency.

Role of the Director General for Educational Standards

18. The Secretary of State has asked the Director General for Education Standards to take responsibility for oversight of the College and to line manage the Chief Executive. In doing so, the Director General will support the work of the Agency by:
 - i. agreeing the budget, strategic long-term and annual objectives (as set out in the annual business plan), strategic performance and management framework, and impact indicators for the Agency before submitting these for agreement by the Secretary of State;

- ii. monitoring and challenging the Agency's performance against these objectives (including financial performance, risk management and forward planning);
- iii. advising Ministers, the Permanent Secretary and the Chief Executive on the Agency's performance;

20. The Permanent Secretary, as Principal Accounting Officer, will designate the Chief Executive as Accounting Officer for the Agency. The Chief Executive will be accountable to the Secretary of State, the Principal Accounting Officer and Parliament for their responsibilities, which are set out in an appointment letter. - ensuring the College complies fully with all relevant legislative and corporate governance arrangements; and that sufficient controls are in place to ensure similar compliance by providers commissioned by the Agency.

External Support and Challenge

22. The Agency will have an Advisory Group. The primary purpose of the group will be to provide the Chief Executive with sound advice and appropriate challenge on the effectiveness of the Agency's policy delivery and its impact 'on the ground'. This is a consultative group to test ideas and offer feedback. It has no decision making powers and is not part of the performance management of the Agency. The group will be reviewed within two years of its creation.
23. An external expert with relevant private sector experience who is independent from any commercial conflict will provide support and challenge to both the Chief Executive and the Director General for Educational Standards on an ongoing basis. The skills specification for this expert will be agreed between the Director General and the Chief Executive, and the appointment will be approved by the Department's Nominations and Governance Committee (a sub-committee of the Department's Board).
24. The Department will also put in place arrangements to provide the Chief Executive with additional support and challenge. One of the Department's Non-Executive Directors will have oversight of the Agency for at least the first year of operation (April 2012 – April 2013).
