

Exercise

In small groups:

Part 1

- Look at a sample of the following statements and spend 10 minutes discussing them.
- Sort them into groups according to whether each is an 'Indicator', 'Outcome' or source of 'Evidence'.
- Take turns to put one of the statements onto the correct flipchart or paper marked either 'Outcomes', 'Indicators' or 'Evidence'.

Part 2

- Look at the case study given to you by the trainer. Identify two outcomes, two indicators for each outcome and as many sources of evidence as possible.
