PREFACE

During the year the Social Fund has experienced particular pressure due to the recession and a severe winter.

The recession has contributed to a 26% increase in Crisis Loan applications.

The severe winter resulted in 11.6 million Cold Weather Payments being made to around 4.1 million benefit recipients. Valuable help was also provided to pensioners through the Winter Fuel Payment.

Jobcentre Plus staff have continued to provide an excellent service to the public in the face of these increased pressures.

IAIN DUNCAN SMITH
Secretary of State for Work and Pensions

1. INTRODUCTION

- 1.1** This is the twenty second annual report to Parliament on the operation of the Social Fund for Great Britain required by sections 167(5) and (6) of the Social Security Administration Act 1992.
- 1.2** The Social Fund scheme includes a regulated scheme made up of Maternity, Funeral, Cold Weather and Winter Fuel Payments; and, a discretionary scheme comprising Community Care Grants and repayable Budgeting and Crisis Loans.

Source of data for this report

- 1.3** The figures in this report, unless stated otherwise, are taken from the Department's Social Fund Policy, Budget and Management Information System and from scans of the Social Fund Computer System¹. Together these data sources record details of every individual customer application, subsequent payment decision and any outstanding repayment record and also provide useful comparative data for policy purposes – such as average awards, what needs they cover and how various customer groups are using the Fund. These comparisons are shown in the annexes to this report.

2. THE REGULATED SOCIAL FUND

Sure Start Maternity Grants

- 2.1** In 2009/10 the Sure Start Maternity Grant was a payment of £500. It provided help for families with the costs associated with the expenses of each baby that was expected, born, adopted, the subject of a parental order (following a surrogate birth), or the subject of a residence order (in certain circumstances).
- 2.2** From April 2010 the policy was amended so that the help available to couples granted a parental order following a surrogate birth was no longer restricted to those who were married. This was as a direct result of changes to the Human Fertilisation and Embryology Act.
- 2.3** The grant was available to recipients, and partners of recipients, of Income Support, income-related Employment and Support Allowance, income-based Jobseeker's Allowance, Pension Credit, Child Tax Credit (at a rate higher than the family element), or Working Tax Credit (which includes a disability or a severe disability element).
- 2.4** Sure Start Maternity Grant statistics are in Annexes 1, 2 and 12.

¹ There is also a statutory requirement to produce a Social Fund White Paper Account. Current arrangements are that this is laid in Parliament separately

Funeral Payments

- 2.5** The Funeral Payment scheme continued to provide help towards a simple, respectful, low-cost funeral. Payments were made to recipients, and partners of recipients, of income-related benefits and tax credits (see full list at paragraph 2.6 below).
- 2.6** The full list of qualifying benefits and tax credits is:
- Income Support
 - income-related Employment and Support Allowance
 - income-based Jobseeker's Allowance
 - Pension Credit
 - Child Tax Credit (at a rate higher than the family element)
 - Working Tax Credit (which includes a disability or severe disability element)
 - Housing Benefit
 - Council Tax Benefit.
- 2.7** Funeral Payment statistics are in Annexes 1, 2 and 12.

Cold Weather Payments

- 2.8** For the winter of 2009/10, the amount of the Cold Weather Payment was £25.00 for each 7 day period of very cold weather. This provided 11.6 million awards worth £290 million.
- 2.9** Every residential postcode in Great Britain was linked to one of 85 weather stations used in the scheme. A payment was made when the average temperature had been recorded as, or was forecast to be, 0°C or below over seven consecutive days at the linked weather station.
- 2.10** Eligible customers were those awarded Pension Credit, or income-related Employment and Support Allowance that included a work related activity or support component. Those awarded Income Support, income-related Employment and Support Allowance in the assessment phase, or income-based Jobseeker's Allowance, and who had a pensioner or disability premium or had a child who was disabled or under the age of five, were also eligible to receive payments.
- 2.11** The annual review of the Cold Weather Payments scheme took place in the summer of 2009. The review included: an assessment of the continuing availability of the weather stations used to provide temperature data for the scheme; whether any new stations were more suitable or should be introduced in addition to those that were currently being used; and the impact on weather station linkages of changes to the postcode system by the Royal Mail.

- 2.12 As a result of the review, nine new weather stations were introduced. As a result there were 85 weather stations covering the scheme in Great Britain during winter 2009/10.
- 2.13 Representations from Members of Parliament about the suitability of individual weather stations or their links with particular postcode districts were also carefully considered. This resulted in many of these postcodes being linked to one of the nine new weather stations introduced for the 2009/10 scheme.
- 2.14 A summary of Cold Weather Payments is included in Annex 1.

Winter Fuel Payments

- 2.15 Winter Fuel Payments helped people aged 60 or over to meet heating expenses. They were tax free and did not affect entitlement to social security benefits. Forecasts indicated that 12.6 million people in around 9.1 million households benefited from a Winter Fuel Payment in 2009/10.
- 2.16 For winter 2009/10 an additional amount was paid. This increased the total payable to a household with someone aged up to 79 to £250 and to a household with someone aged 80 or over to £400. The total spent in 2009/10 on Winter Fuel Payments was estimated to be £2.7 billion.
- 2.17 Most people who were aged 60 or over and normally living in Great Britain were eligible for a Winter Fuel Payment, though there were some exceptions. Some people were eligible to receive a Winter Fuel Payment if they lived in another European Economic Area country or Switzerland and if they had previously qualified for a payment in the United Kingdom. The qualifying week for winter 2009/10 payments was the week beginning 21 September 2009.
- 2.18 Most payments were made automatically before Christmas 2009 without the need to claim. However, newly eligible people needed to make a claim if they were not receiving a social security benefit (or receiving only Housing Benefit, Council Tax Benefit or Child Benefit) during the qualifying week.

3. THE DISCRETIONARY SOCIAL FUND

- 3.1 The national grants budget was maintained at £141 million in 2009/10. The national grants budget was allocated to 23 local Jobcentre Plus budget areas administered from 20 Benefit Delivery Centres around Great Britain. The same local budget amounts were allocated as in the previous year.
- 3.2 A single national loans budget was allocated for Budgeting Loan and Crisis Loan payments. This was under central management and allowed all Budgeting Loan applicants in the same circumstances the same treatment under the budget. This meant that there were

no longer any local loans budgets to control or re-allocate, and simplified the overall management of national loans funding.

- 3.3 As announced in the Budget on 22 April 2009, additional net funding was made available for Social Fund loans in 2009/10 and 2010/11 in Great Britain to cover the increased demand during the recession.
- 3.4 Discretionary loans and grants statistics are in Annexes 1, 3, 6, 7, 10 and 11 (Budgeting Loans), Annexes 1, 3, 8, 9, 10 and 11 (Crisis Loans) and Annexes 1, 3, 4, 5 and 11 (Community Care Grants).

Policy changes in 2009/10

- 3.5 Minor changes and improvements were introduced and were supported by Jobcentre Plus's continuous improvement strategies.
- 3.6 From 6 April 2009, the Secretary of State's directions and guidance were amended to improve the first review stage within Jobcentre Plus for discretionary grants and loans. The change reduces the range of cases in which customers must be offered a formal interview, thus speeding up the overall review process for customers and staff. Customers continued to receive a full review conducted on their case, followed by the right to a further review by the Independent Review Service.
- 3.7 Also from 6 April 2009, the Secretary of State's directions limited the circumstances in which an applicant could receive more than one Crisis Loan for living expenses for the same period to those circumstances over which an applicant had no control. The change aimed to reduce inappropriate applications for living expenses for periods for which a payment had already been awarded.
- 3.8 From October 2009, Jobcentre Plus implemented a new national policy for customers who made repeated applications for Crisis Loans for living expenses. Whilst most living expenses Crisis Loan applications continued to be taken over the telephone, those customers making their third or subsequent application in 12 months were generally invited to make their application in person by interview at a Jobcentre Plus office. This policy did not apply to applications for help to meet living expenses because a benefit had been claimed but was not yet in payment. It applied, for example, where a weekly income was in payment but was lost or misspent.
- 3.9 This interview approach will allow Jobcentre Plus to better understand the customer's circumstances and to signpost them for advice on money management.
- 3.10 The Secretary of State's Crisis Loan Direction 17 was amended from 1 April 2010. This direction covers applications made by customers whose benefit is, or has been, sanctioned and who may be using Crisis Loans as income replacement. More types of benefit sanctions are now captured under Direction 17. The Direction was also simplified to make it easier for Decision Makers to identify ineligible customers.

4. GENERAL ADMINISTRATION

- 4.1** The Social Fund was delivered via a Jobcentre Plus network of Benefit Delivery Centres, Contact Centres and local Jobcentre Plus frontline offices.
- 4.2** Jobcentre Plus responded to the challenge of increasing customer demand by using continuous improvement to deliver services more efficiently and maintained high levels of customer service. For example, in 2009/10, a new site in Wembley was opened to process Sure Start Maternity Grants and postal Crisis Loan applications for Great Britain.
- 4.3** In addition, Jobcentre Plus has focused on finding improvements in the administration of Funeral Payment claims, including changes to the Funeral Payment claim form.
- 4.4** Other areas in which efficiencies were identified and improvements introduced included the process for sending review cases to the Independent Review Service, recovery of loan debt and the management of uncollected cheques for Crisis Loans.
- 4.5** In 2009/10 Jobcentre Plus faced challenges due to increased volumes of Crisis Loan applications. It responded by centralising the management of the delivery of Crisis Loans made by telephone. It also completed the implementation of a national virtual telephony network to reduce waiting times for customers. These changes enabled Jobcentre Plus to provide a more efficient and cost effective Crisis Loan service to deal with applications for living expenses.

Reviews

- 4.6** A discretionary Social Fund applicant who is dissatisfied with a decision has the right to have the decision reviewed. Consideration is given to whether the law, directions and guidance have been applied correctly, and the case handled fairly and reasonably.
- 4.7** A reviewing officer within Jobcentre Plus carries out the initial review and the outcome is notified to the applicant. Applicants who remain dissatisfied can ask for a further review by a Social Fund Inspector at the Independent Review Service. Social Fund Inspectors are appointed by, and are accountable to, the Social Fund Commissioner. In 2009/2010, Social Fund Inspectors reviewed nearly 47,000 reviewing officer decisions.
- 4.8** The Social Fund Commissioner has reported separately on the standard of reviews carried out by Social Fund Inspectors. His report has been published.
- 4.9** A summary of Social Fund review applications is set out in Annex 11.

Performance management and improvement

- 4.10** The Social Fund Quality Assurance Framework (QAF) is an internal management tool for improving Social Fund decision making standards. It was designed and developed in conjunction with the Independent Review Service. It provides a robust checking methodology for the quality of decisions, and is a mechanism for providing feedback and identifying individual training needs for operational staff. The Framework has been assured by Internal Audit.
- 4.11** Review and evaluation of the operation of the Social Fund QAF is ongoing. During the year the number of QAF checks for each decision maker was increased from 4 to 5 per month. QAF results were used to target errors and roles and responsibilities were clarified.

Clearance standards

- 4.12** Local and national performance is monitored against a comprehensive set of Social Fund clearance standards. All component parts of the set must be met to meet the overall standard. The achievement against the standard in 2009/10 is shown below:

Average Actual Clearance Times (working days)	Standard	Achieved
Community Care Grants	9	12.5
Budgeting Loans	6	5.4
Crisis Loans	2	2.1
Local review of above grants and loans	10	12.8
Funeral Payments	16	14.5
Sure Start Maternity Grants	5	5.0

- 4.13** The standard for Average Actual Clearance Times was met for Budgeting Loans, Funeral Payments and Sure Start Maternity Grants, but was missed for Community Care Grants, local reviews and Crisis Loans.

5. FINANCIAL ISSUES

Background

- 5.1** Payments from the regulated Social Fund are entitlement based and not paid from a cash-limited budget. Regulations prescribe the circumstances and amounts that are payable.
- 5.2** National cash-limited budgets are allocated for loans and grants. From 2009/10 the loans budget was a single national allocation. The

grants budget continued to be distributed to individual Jobcentre Plus budget areas.

The 2009/10 discretionary Social Fund budget

5.3 In April 2009 the total gross budget of £792 million comprised:

- £178.2 million of new annually managed expenditure (AME)
- £121.9 million AME specifically for the loans scheme to cover the additional demand due to the recession
- loan recoveries of £491.9 million.

5.4 The gross discretionary budgets allocated in April 2009 were:

Community Care Grants	£141 million
Loans	£ 650 million
Contingency reserve	£1 million

In-year allocation to the loans budget

5.5 An in-year allocation of £70 million was made in February. As a consequence the gross discretionary budget for the year became £862 million, and the gross loans budget for the year increased to £720 million. The in year allocation was funded by an increase in loan recoveries.

Payments from the contingency reserve

5.6 There were no applications for additional funding from the contingency reserve during the year.

Recoveries

5.7 The Department's Debt Management service manages Social Fund recoveries from people who are no longer receiving benefits.

5.8 The new automated Social Fund loan referral system became fully operational during the year, leading to the Debt Management service receiving over 611,000 new debt referrals.

5.9 £582.9 million was recovered through the repayment of loans, £91.0 million over the target set at the start of the year.

5.10 £0.2 million of Funeral Payments was recovered from estates.

5.11 Details of recoveries are given in Annexes 1 and 10.

6. SUMMARY OF FINANCIAL PERFORMANCE

6.1 The Social Fund provided payments of over £1.3 billion, with an estimated additional £2.7 billion of Winter Fuel Payments paid to around 9.1 million households that include someone aged 60 or over.

6.2 Compared to 2008/09, the figures show:

- Overall there were 5,971,000 applications to the discretionary Social Fund, 940,000 more than in 2008/09.
- Applications received for Community Care Grants increased by 8.8% from 588,000 to 640,000.
- The proportion of grant decisions resulting in an initial award decreased from 43.2% to 40.7%.
- Applications received for Crisis Loans increased by 25.9% from 2,895,000 to 3,645,000.
- The proportion of Crisis Loan decisions resulting in an initial award increased from 68.5% to 74.4%.
- Applications received for Budgeting Loans increased by 8.9% from 1,548,000 to 1,686,000.
- The proportion of Budgeting Loan decisions resulting in an initial award remained almost the same at 71.5%.

6.3 Gross expenditure on Budgeting Loans was £482.3 million, and gross expenditure on Crisis Loans was £228.8 million. Expenditure on Community Care Grants was £138.8 million.

6.4 Loan recoveries during the year were £582.9 million against a recovery target of £491.9 million. Recoveries provided 82% of the funds needed to meet gross loans expenditure.

6.5 Overall during 2009/10, the discretionary Social Fund provided help in the form of over 4.1million awards.

The 2010/11 discretionary Social Fund budget

6.6 In April 2010 the total gross budget of £802 million comprised:

- £178.2 million of new annually managed expenditure (AME)
- £141.5 million AME specifically for the loans scheme to cover the additional demand due to the recession
- loan recoveries of £482.3 million.

6.7 The £802 million gross discretionary Social Fund budget is allocated as follows:

Single national LOANS budget	£660m

5. For the discretionary Social Fund, the method of calculating average awards is to divide initial gross expenditure (excluding the value of review awards) by the number of initial awards.
6. The difference between applications received, initial decisions, awards and initial refusals, is due to: applications being withdrawn; applicants rejecting or not responding to loan offers; and, not decided at the time the count was made.
7. Cold Weather Payment figures are taken from Departmental records.
8. Figures and percentages may not sum due to rounding.

Client Groups

Social Fund payments are wide ranging from payments to help with intermittent unexpected expenses (mainly to those in receipt of qualifying benefits), to payments aimed at certain groups to help with particular events. The fund does not therefore fall exclusively into any one of the Departmental client groups of Children, Working Age and Older People, although Social Fund payments are either paid to, or benefit, all of these groups. Some statistics in this report are shown by applicant or claimant groups that fall into one or more of the wider client groups.
