# THE QUEEN'S SPEECH TO BOTH HOUSES OF PARLIAMENT

WEDNESDAY, 18<sup>TH</sup> NOVEMBER 2009

MY LORDS AND MEMBERS OF THE HOUSE OF COMMONS

My Government's overriding priority is to ensure sustained growth to deliver a fair and prosperous economy for families and businesses, as the British economy recovers from the global economic downturn. Through active employment and training programmes, restructuring the financial sector, strengthening the national infrastructure and providing responsible investment, my Government will foster growth and employment.

My Government will also strengthen key public services, ensuring that individual entitlements guarantee good services, and will work to build trust in democratic institutions.

My Government will seek effective global and European collaboration through the G20 and the European Union to sustain economic recovery and to combat climate change, including at the Copenhagen summit next month.

The Duke of Edinburgh and I look forward to our visit to Bermuda and our State Visit to Trinidad and Tobago and to the Commonwealth Heads of Government Meeting in this, the Commonwealth's 60th anniversary year. We also look forward to receiving the President of South Africa next year.

My Government will continue to reform and strengthen regulation of the financial services industry to ensure greater protection for savers and taxpayers. Legislation will be brought forward to strengthen governance of the financial sector and to control the system of rewards.

As the economic recovery is established, my Government will reduce the budget deficit and ensure that national debt is on a sustainable path. Legislation will be brought forward to halve the deficit.

My Government will introduce legislation to enable the wider provision of free personal care to those in the highest care need.

Legislation will be brought forward to introduce guarantees for pupils and parents to raise educational standards.

My Government will bring forward legislation to protect communities by ensuring that parents take responsibility for their children's antisocial behaviour and by tackling youth gang crime.

My Government will introduce legislation to ensure communications infrastructure that is fit for the digital age, support future economic growth, deliver competitive communications and enhance public service broadcasting.

Legislation will be brought forward to support carbon capture and storage and to help more of the most vulnerable households with their energy bills.

My Government will respond to proposals for high-speed rail services between London and Scotland.

Legislation will be brought forward to protect communities from flooding and to better manage water supplies.

My Government is committed to ensuring everyone has a fair chance in life and will continue to take forward legislation to promote equality, narrow the gap between rich and poor and tackle discrimination. The bill would also introduce transparency in the workplace to help address the differences in pay between men and women.

My Government will continue to enshrine in law its commitment to abolish child poverty by 2020.

My Government will legislate to provide agency workers with the right to be treated equally with permanent staff on pay, holidays and other basic conditions.

Legislation will continue to be taken forward on constitutional reform. My Government will also publish draft legislation on proposals for a reformed second chamber of Parliament with a democratic mandate.

A Bill will be introduced to strengthen the law against bribery.

My Government will continue to work closely with the devolved administrations in the interests of all the people of the United Kingdom. My Government is committed to the Northern Ireland political process and will continue to work with Northern Ireland's leaders to complete the devolution of policing and justice and to ensure its success.

In Scotland, my Government will take forward proposals in the Final Report from the Commission on Scottish Devolution and will continue to devolve more powers to Wales.
