## Quarterly results and drink drive estimates

The quarterly publications contain first release National Statistics on provisional estimates of Reported Road Casualties in Great Britain, covering the most recent quarter.

The drink drive publication is an annual publication, containing the first release of estimates of reported drink drive accidents and casualties.

The drink drive publication coincides with the August quarterly release. Due to combined briefing arrangements, post holders on the pre-release access list for the August quarterly release will also be given access to the drink drive publication and vice-versa.

The following post holders are given pre-release access to the publication for up to 24 hours prior to release.
