Population in custody May 2009 - Key points

Population in custody

The population in custody on 31 May 2009 was 83,300, a rise of 450 from a year earlier.
 The population in prisons was 82,900 (a rise of 480 from a year earlier), in Secure
 Training Centres (STCs) it was 240 and in Secure Children's Homes (SCHs) it was 170.

Population in prison

- The male prison population increased by 1 per cent (up 650) to 78,600 and the female prison population decreased 4 per cent (down 170) to 4,300 in May 2009 compared to May 2008.
- The remand population in prison increased 2 per cent from 13,000 in May 2008 to 13,300 in May 2009 (up 270). Within this total, the untried population increased 5 per cent (up 410) to 8,800 and the convicted unsentenced population went down 3 per cent (down 140), to 4,400.
- Amongst the remand population the changes since May 2008 by offence group were all less than 100 apart from violence against the person offences which increased by 7 per cent (up 230).
- There were 67,900 sentenced⁽¹⁾ prisoners at 31 May 2009, up 210 from a year earlier. There were increases for those serving indeterminate sentences (Life sentences and Indeterminate sentences for Public Protection) which increased by 11 per cent (up 1,200) and for those serving sentences of 1 year to less than 4 years which increased by 1 per cent (up 170). There were falls for those serving a sentence of less than or equal to 6 months (down 650,12 per cent), and greater than 6 and less than 12 months (down 380, 13 per cent). The falls for sentences of less than 12 months were against a relatively high short-sentenced population a year ago.
- Amongst the sentenced⁽¹⁾ prison population the largest increases were for violence against the person (up 960, 5 per cent), robbery (up 280, 5 per cent) and sexual offences (up 330, 4 per cent) from May 2008. The largest decreases since May 2008 were in those serving sentences for motoring offences (down 180, 14 per cent), theft and handling (down 410, 11 per cent), other offences (down 540, 8 per cent) and drugs (down 240, 2 per cent).
- The adult population in prison was 71,200 at 31 May 2009, an increase of 1 per cent (up 910) from a year earlier. Over the same time period the number of 15 to 17 year olds fell 15 per cent (down 360) to 2,100 and the young adult prison population fell 1 per cent (down 60) to 9,600 at 31 May 2009.
- The prison population was 111 per cent of the 'In Use CNA' (74,700) at 31 May 2009.

Notes

Data sources and quality

The data presented in this brief are drawn from the prison administrative IT systems. Although care is taken when processing and analysing the returns, the detail collected is subject to the inaccuracies inherent in any large-scale recording system. While the figures shown have been checked as far as practicable, they should be regarded as approximate and not necessarily accurate to the last whole number shown in the tables. They are fit to be used for purposes of looking at trends and for comparing the relative magnitude of components.

The prison population information has been drawn from two prison sources. The first source is the routine provision by prison establishments of records of the numbers of persons held in custody at the end of each month, broadly subdivided according to age, sex, custody type and sentence length. The records are collated and processed centrally, to produce the main estimates of the end of month population presented. The second source is the electronically held details for individual inmates such as date of birth, sex, religion, ethnic origin, custody type, offence, and reception and discharge dates and, for sentenced prisoners, sentence length. These data are collected on a central computer database and are used to produce the analyses by offence group and individual year of age. They form the basis of detailed population breakdowns, supplementing the aggregates derived from the first source, to which they are scaled for consistency. A new more detailed method of scaling this information was developed in 2004.

Because the detailed population breakdowns have been scaled and also rounded to the nearest whole number, individual components may not sum to the totals.

Unless otherwise stated, numbers in the text have been rounded for ease of reading using the following rules:

Numbers of 100,000 and over are rounded to the nearest 1,000

Numbers from 1,000 – 99,999 are rounded to the nearest 100

Numbers from 10 – 999 are rounded to the nearest 10

Numbers under 10 are unrounded.

Information on the population in STCs and SCHs has been supplied by the Youth Justice Board.

All figures are provisional pending publication of the annual Offender Management Caseload Statistics.

Definitions

<u>Population in custody</u> - this includes those held in prison establishments, police cells under Operation Safeguard, secure training centres (STCs) and secure children's homes (SCHs). This is a change to previous outputs (notably Prison Population Monthly Brief and Prison Statistics England and Wales) where the reference to 'population in custody' just covered those held in prison establishments and police cells. All coverage is for England and Wales.

<u>Population in prison</u> – this includes those held in prisons in England and Wales, including the three removal centres of Dover, Haslar and Lindholme.

<u>Sentenced population</u> – this includes those sentenced to an immediate custodial sentence and fine defaulters.

Immediate custodial sentence – this does not include fine defaulters.

Adult prisoners – these are prisoners aged 21 years and over.

<u>Young adults</u> – these are prisoners aged 18 to 20, but including 21 year old prisoners who were aged 20 or under at conviction who have not been reclassified as part of the adult population

<u>Indeterminate sentences</u> – these cover life sentences and indeterminate sentences for public protection (IPP).

^{*} Indicates that one or both of the comparative numbers are less than 50 which could give rise to misleading percentage changes
May 2009 and May 2008 data are not directly comparable because some improvements have been made to the way offences are grouped
which has resulted in small changes to some offence groups
