

MOD COMMERCIAL

SALE OF HMS ILLUSTRIOUS FOR FURTHER USE INDUSTRY DAY

HMS ILLUSTRIOUS – INDUSTRY DAY WITHOUT COMMITMENT OR PREJUDICE

HMS Illustrious is due to retire from service with the Royal Navy in 2014 and it is the Disposal Services Authority's (DSA) intention to host an Industry Day in January 2014 to establish the level of interest in purchasing the vessel for Further Use only, ensuring bidders are aware of the following:

- The Vessel must be retained intact in the UK
- All or part of the vessel must be developed for heritage purposes

All interested parties wishing to attend the viewing day will need to complete an Industry Day application form (IDAF).

Please note that space will be limited on the day and the DSA reserves the right to invite only those organisations which it considers would be able to put forward viable proposals, based on the information provided in the IDAF.

The closing date for returning the IDAF to the DSA is Tuesday 10th December 16.00hrs GMT
