

Resources

To date the work undertaken by the Quality & Outcomes subgroup has been enabled by support from DH Mental Health Policy and PbR teams and Care Pathways and Packages consortia with the membership of the group.

In order to take forward recommendations of this report additional resources are required to achieve this. Suggested resources will need to be provided that cover the following areas:

Resource	Cost
1. Continuation of current level of support from DH Mental Health Policy PbR	Costs to be determined
2. Part time project manager/ coordinator with support from a small project team.	
3. Continued involvement from Care Pathways and Packages Consortium	
4. A host for the web based tool that is being developed by the IMHSeC project, to ensure communication of the product.	
5. Resources from The NHS IC to support new data requirements
