#### NEW BURDEN FUNDING

Changes resulting from the implementation of proposals of the zero-based review of adult social care data collections with respect to 2013/14 and 2014/15

In September 2012 and May 2013, the Health and Social Care Information Centre announced a series of changes to adult social care data collections by local authorities to take effect in 2013/14 and 2014/15 respectively. These changes have placed additional burdens on local authorities. In recognition of this, the Department of Health will be allocating funding to local authorities for 2013/14 and 2012/13.

The changes announced by the Health and Social Care Information Centre on 28 September 2012 were:

- a new Adult Safeguarding Return (to replace the Abuse of Vulnerable Adults return)
- a revised annual Deprivation of Liberty Safeguards (DoLS) return,
- the extension of the National Minimum Data Set for Social Care (NMDS-SC) return to include information on qualifications

These changes came into effect on 1 April 2013. This grant provides financial support for the costs incurred in 2012/13 in preparing to implement the changes in 2013/14.

The changes announced by the Health and Social Care Information Centre on 24 May 2013 were:

- the existing social care activity collections to be replaced by a new collection on Short and Long-Term Support (SALT)
- the existing Personal Social Services Expenditure Return to be replaced by a new finance collection, and;
- both the SALT and Finance collections to draw on a new Equalities and Classifications Framework (EQ-CL)

These changes will come into effect on 1 April 2014. This grant provides financial support for costs incurred in 2013/14 in preparing for implementation of the changes in 2014/15. Further detail of the announced changes can be found at **Annex A**.

In accordance with the New Burdens Doctrine<sup>1</sup>, the Department is issuing funds to all local authorities for costs incurred during 2012/13 and 2013/14 in preparation for the implementation of the above changes in 2013/14 and 2014/15 respectively.

- 3. This revenue funding is to be issued via a non-ring fenced Section 31 Grant in 2013/14.
- 4. The purpose of the funding streams, and the allocation methodologies used, are explained in Annex A.
- 5. Individual local authority allocations are at Annex C.
- 6. The grant determination is attached at Annex B.

## SECTION 31 GRANT – IMPLEMENTATION OF THE ZERO-BASED REVIEW PROPOSALS FOR ADULT SOCIAL CARE DATA COLLECTIONS WITH RESPECT TO 2013/14 and 2014/15

#### Overview

In September 2012, the Health and Social Care Information Centre (HSCIC) announced the first phase of changes to be made to adult social care data collections by local authorities with respect to 2013/14. The changes included:

- a new Adult Safeguarding return (to replace the Abuse of Vulnerable Adults return);
- a revised annual Deprivation of Liberty Safeguards (DoLS) return; and,
- the extension of the National Minimum Data Set for Social Care (NMDS-SC) return to include information on qualifications.

The full detail of the changes announced by the HSCIC, including the letter issued to all local authorities, can be found here: *http://www.ic.nhs.uk/socialcarecollections2013* 

In 2013/14, the Department will be making £2.28m available through a non ring-fenced revenue grant (using provisions under Section 31), as new burden funding for costs incurred by local authorities as they prepare for the implementation of the changes to adult social care data collections with respect to 2013/14.

## Basis of Distribution

The HSCIC, working closely with local government and the Department of Health colleagues, oversaw an impact assessment of the proposed changes on local authorities. This impact assessment was agreed by the Department of Health, the Local Government Association and the Association of Directors of Adult Social Care, and informed the New Burdens assessment carried out by the Department and agreed with the Local Government Association and the Association of Directors of Adult Social Care.

An allocation of £12,500 will be issued to each local authority, with the remaining grant allocated on the basis of the adult population of each local authority. This approach, underpinned by the impact assessment for these changes, is in recognition that all local authorities will incur costs to implement these changes, with only a proportion of costs related to population size. In May 2013, the HSCIC announced the second set of changes to be made to adult social care data collections by local authorities, with respect to 2014/15. These changes included:

- the existing social care activity collections to be replaced by a new collection on Short and Long-Term Support (SALT)
- the existing Personal Social Services Expenditure Return to be replaced by a new finance collection, and;
- both the SALT and Finance collections to draw on a new Equalities and Classifications Framework (EQ-CL)

#### Basis of Distribution

The HSCIC, working closely with local government and the Department of Health colleagues, oversaw an impact assessment of the proposed changes on local authorities. This impact assessment was agreed by the Department of Health, the Local Government Association and the Association of Directors of Adult Social Care, and informed the New Burdens assessment carried out by the Department and agreed with the Local Government Association and the Association of Directors of Adult Social Care.

An allocation of £46,558 will be allocated to each local authority, with the remaining grant allocated on the basis of the adult population of each local authority. This approach, underpinned by the impact assessment for these changes is in recognition that all local authorities will incur costs to implement these changes, with only a proportion of costs related to population size.

#### ANNEX C

Department of Health officials, working with the Health and Social Care Information Centre and councils, assessed the new burdens incurred in 2012/13 of the changes announced in September 2012 for implementation in 2013/14, and estimated a total of £2.28m.

An allocation of £12,500 will be allocated to each local authority, with the remaining grant allocated on the basis of the adult population of each local authority. This approach, underpinned by the impact assessment for these changes, is in recognition that all local authorities will incur costs to implement these changes, with only a proportion of costs related to population of size.
