

Richard

thank you and apologies for misquoting you

I will pick this up with - on Monday. I do not know how detailed the calculations are but 2 working days seems tight

I will revert on Monday

Mr -

I said in my E-mail that the inclusion of the Grangemouth plants is questionable, and I remain of that view. I did not say that they could not be included but, if they are to be, I must repeat that you will need to calculate the emissions allowances, using the most appropriate of the limits set out in Tables C.1 and D.1 of the TNP implementing rules Annex which I attached. I will need the outcome by **Tuesday 11 December** at the very latest. You already have the waste gas flows so the calculation should not be burdensome.
