Sounds sensible, thanks - just to update you apologies I still haven't been able to send comments on your proposals. I'm afraid I'm still waiting to hear back from a couple of key people about your proposals but I'm expecting to have everything later today / first thing tomorrow so I will get back to you tomorrow as I'm aware you were keen for comments before you can send it over.

Many thanks,

REDACTION

My intention is that there will be four attendees

Myself
Francis Egan CEO Cuadrilla
REDACTION CEO IGas
REDACTIONREDACTION of UKOOG and CFO of Third Energy

From this you will get a mixture of conventional, shale and CBM

Ken

REDACTION,

I mentioned the meeting next Tues 18th with the Minister when we met, and the Minister's office is keen to know who you propose to bring along to that meeting as he may want to add people himself. Have you had a think about who you want to bring along?

It would be useful if you have it to have a few lines on each attendee and their organisation's interests in terms of unconventional (and conventional where relevant) so the Minister has some context.

I will try and get back to you later today with feedback on your proposals.

Many thanks,
