

UK COMMITTEE ON FARM ANIMAL GENETIC RESOURCES (FAnGR)

Final Draft: 6th March 2013

EXOTIC GLOBAL BREEDS AT RISK

The following list has been compiled by the FAnGR Committee and is published here for comments, particularly if any omissions are apparent. Any comments on this list should be sent to the FAnGR Secretariat at fanqr@defra.gsi.gov.uk.

The Committee's view is that exotic breeds globally at risk should relate to overall global status of a breed, regardless of status in a particular country. It is proposed that "at risk" status be defined by FAO criteria.

CATTLE

Abondance
Angler Rotvieh
Ankole
Armoricaïne
Aubrac
Baltata Romaneasca
Bazadaise
Bison (Minor Species)
Bretonne Pie Noire
East Finnish Brown
Estonian Red
Frisona Espagnola
Gasconne
Gayal (Subspecies)
Groningen Blaarkop
Heck
Hungarian Steppe
Kerry (*Native in Republic of Ireland*)
Lakenvelder
Malkekorthorn (Danish Shorthorn)
Miniature Zebu
Normande
Parthenais
Piemontese
Pinzgauer
Reggiana
Romagnola
