3. Survey introduction with named respondent

3. CONTACT NAMED RESPONDENT AND INTRODUCE SURVEY

Good afternoon / evening. My name is and I'm calling on behalf of TNS-BMRB. I'm carrying out the 'Taking Part' survey for the government. It's about the kinds of activities you choose to do in your own time and about how you feel about the facilities in your local area.

You may remember completing this survey last year. At the time, you agreed that TNS-BMRB could get back in contact with you regarding future research on this topic.

You should have received a letter from the Department for Culture, Media and Sport explaining that we would be contacting you.

CHILD SURVEYS

- If there are one or more 5 year olds in the household and the named respondent is the parent/guardian you will also need to do an interview with the respondent about this child. In some cases this will be an additional interview with a 5-10 year old - SEE SECTION 7 & COMPLETE S1
- If an interview was completed about a 5-10 year old in the household (see box on front page), then you will also need to do an additional interview with the named respondent about the NAMED child - SEE SECTION 9.

- If an interview was completed with an 11-15 year old (see box on front page), then you will need to gain parental permission to contact the NAMED child to complete an interview – SEE SECTION 11.

7. Screening for proxy interview with PARENT/GUARDIAN of CHILD AGED 5

PROXY INTERVIEW ABOUT CHILD AGED 5 - SCREEN NUMBER

5

If the main longitudinal adult is the parent/guardian of a child aged 5 years, you will be prompted at the end of the questionnaire to obtain an additional interview about the child. If the longitudinal adult mentions that there is a 5 year old in the household before this stage, you should conduct the screening at this point.

There are several situations when you will be unable to do the screening to identify whether there is a child aged 5 at the address:

- The final outcome for the main longitudinal adult is deadwood (screen 1 - codes 7, 10, 11, 13 and 80)
- The named longitudinal respondent has moved and follow up address unknown, outside of assignment area or moved to armed forces or other institution (screen 1 - codes 92, 93 or 94)
- You have not made contact with anyone at the address or the named contact (Screen 1 - code 16 or 35)
- You have made contact, but all household information has been refused (Screen 1 - code 17)
- An office refusal (Screen 1 - code 31)

IN ALL THESE CASES YOU SHOULD REPORT AN OUTCOME CODE 84 FOR THE CHILD 5 SCREENING.

If you are reporting an unproductive outcome code (33-44) for the main longitudinal respondent and have been unable to establish a definite child aged 5 screening outcome, you should report outcome 84. Outcome code 83 should only be used if you have had a direct refusal to question S1.

9. Child aged 5-10 interview (with parent)

INTERVIEW PARENT ABOUT THE NAMED 5-10 YEAR OLD (this should be the main longitudinal adult, unless the child and named parent do not live in the same household anymore)

<ForeName510>

SCREEN NUMBER

6

(Use this if named child is still aged 5-10. If named child was aged 9 or 10 at last interview, and still eligible for 5-10 interview, report outcome 85 for screen 4)

SCREEN NUMBER

4

(Use this screen number if named child is now aged 11+ and is eligible for 11-15 interview, report outcome 86 for screen 6)

If you have a name of a 5-10 year old listed below, you should attempt an interview with the parent or guardian about this 5-10 year old.

There are various situations when you will be unable to do this:

- The final outcome for the main longitudinal adult is deadwood (screen 1 - codes 7, 10, 11, 13 and 80)
- The named longitudinal respondent has moved and follow up address unknown, outside of assignment area or moved to armed forces or other institution (screen 1 - codes 92, 93 or 94)
- You have not made contact with anyone at the address or the named contact (Screen 1 - code 16 or 35)
- You have made contact, but all household information has been refused (Screen 1 - code 17)
- An office refusal (Screen 1 - code 31)

IN ALL THESE CASES YOU SHOULD REPORT AN OUTCOME CODE 84 FOR THE CHILD 5-10 INTERVIEW.

If you are reporting an unproductive outcome code (33-44) for the main longitudinal respondent and have been unable to establish a definite child 5-10 outcome, you should report outcome 84. Outcome code 83 should only be used if you have had a direct refusal to answer P1. **SCREEN 6 or 4 OUTCOMES SHOULD BE CODED IN SECTION 10.**

If the 5-10 year old is now aged 11 or over, you will need to ask parental permission to do the interview directly with the 'new' 11-15 year old. You will do this interview using screen 4 and report outcome 86 for screen 6.

If the named 5-10 year old no longer lives in the same household as their parent/guardian named on page 1 of this contact sheet, then you must attempt to complete this interview with another parent/guardian living in the same household as the named child. You must also complete a household interview with this parent/guardian (see section 13).

11. Child aged 11-15 interview

INTERVIEW WITH NAMED CHILD AGED 11-15		< ForeName1115>
<p style="text-align: center;">SCREEN NUMBER 7</p> <p>(Use this if named child is still aged 11-15. If named child was aged 14 or 15 at last interview, and still eligible for 11-15 interview, report outcome 85 for screen 2)</p>	<p style="text-align: center;">SCREEN NUMBER 2</p> <p>(Use this screen number if named child is now aged 16+ and is eligible for 16+ adult interview, report outcome 86 for screen 7)</p>	
<p>If you have the name of an 11-15 year old listed below, you should attempt an interview with this child.</p> <p>There are various situations when you will be unable to do this:</p> <ul style="list-style-type: none"> The final outcome for the main longitudinal adult is deadwood (screen 1 - codes 7, 10, 11, 13 and 80) The named longitudinal respondent has moved and follow up address unknown, outside of assignment area or moved to armed forces or other institution (screen 1 - codes 92, 93 or 94) You have not made contact with anyone at the address or the named contact (Screen 1 - code 16 or 35) You have made contact, but all household information has been refused (Screen 1 - code 17) An office refusal (Screen 1 - code 31) <p>IN ALL THESE CASES YOU SHOULD REPORT AN <u>OUTCOME CODE 84</u> FOR THE CHILD 11-15 INTERVIEW.</p> <p>If you are reporting an unproductive outcome code (33-44) for the main longitudinal respondent and have been unable to establish a definite child 11-15 outcome, you should report outcome 84. Outcome code 83 should only be used if you have had a direct refusal to answer Y1. SCREEN 7 or 2 OUTCOMES ARE TO BE CODED IN SECTION 12.</p> <p>If the named 11-15 year old no longer lives in the same household as the main respondent on page 1 of this contact sheet, then you must complete a household interview (using screen 3) with someone aged 16+ that lives in that household (this will generally be with the parent/guardian that gave you permission to approach the named child).</p> <p>If the 11-15 year old is now aged 16 or over and still living with their parents, you will need to ask parental permission to do the interview with the 'new' 16 year old. You will do this interview using screen 2 and report outcome 86 for screen 7.</p>
