

FOI Release

Information released under the Freedom of Information Act

Title: "Business is GREAT Britain" billboards and advertisements

Date of release: 27 March 2014

Information request

a) How many "Business is Great Britain" billboards and advertisements the department has paid for since June 2010 according to:

- i) month
- ii) location (by parliamentary constituency)

b) The total cost of these billboards

Information released

The "Business is GREAT Britain" campaign was launched in November 2013.

Please refer to the table in Annex A for details of the location and months where the billboards and advertising for the campaign appeared. The total cost of the billboards was £759,950.

In addition to the details supplied at Annex A, it is clear that we will not be able to answer the request for which parliamentary constituencies the advertisements appeared in without exceeding the cost limit of £600 provided under s12 of the Act. This represents the estimated cost of one person spending 3.5 working days in determining whether the Department holds the information, locating, retrieving and extracting the information. The Act provides that we are not obliged to comply with requests where the estimated cost of complying would exceed this limit.

In order to provide the information on the scale that has been requested would require us to map the information listed in Annex A to individual constituencies. We estimate that this will take us in excess of 3.5 working days to do. Therefore, this part of the request will not be processed further.

Annex A
