

Dear sir / madam

I would like to express my anger and frustration at the tactics being used to get the answer you are looking for with regards to the nuclear dump near Ennerdale. You run to mummy to receive a "No", then go to daddy where you know you will get a "Yes", that is really shameful and you won't get away with it.

You know perfectly well the proposed area is unsuitable and you are only thinking of business, there's more to life than money, and a healthy environment is everything!

Regards
