

## Non human primates imported into the UK

1. A total of 1,557 non-human primates were imported into the UK for use in regulated procedures. This number comprised 80 rhesus macaques bred in China and 1,497 cynomolgus macaques bred in China, Vietnam and Mauritius.

All 1,557 animals were captive-bred including 811 which were F1 generation (the offspring, bred in captivity, of at least one wild-caught parent). No wild-caught animals were imported from any source.

Species	Country of origin	No. of animals	Total
Rhesus macaque	China	Wild-caught	0
		F1	0
		Total Captive-bred	80
Cynomolgus macaque	China	Wild-caught	0
		F1	0
		Total Captive-bred	69
	Mauritius	Wild-caught	0
		F1	811
		Total Captive-bred	953
	Vietnam	Wild-caught	0
		F1	0
		Total Captive-bred	455

## 2. Details of injuries/ailments on arrival in 2012

Year	Ailments noted on arrival	No. with ailment
2012	One soft tissue injury on arrival (linked to road transport vehicle in UK making emergency stop)	1
	Rectal prolapse	2

No non-human primates imported during 2012 were found dead on arrival.
