Dear [REDACTED],

REQUEST FOR INFORMATION: Numbers of badgers culled as part of pilot cull in 2013

Thank you for your request for information about the number of badgers removed as part of the two pilot culls in Somerset and Gloucestershire, which we received on 29 December 2013. We have handled your request under the Environmental Information Regulations 2004 (EIRs).

The EIRs apply to requests for environmental information, which is a broad category of information defined in regulation 2 of the EIRs. Public authorities are required to handle requests for environmental information under the EIRs. They give similar access rights to the Freedom of Information Act 2000 (FOIA).

The total number of badgers in Gloucestershire and Somerset removed over the course of the pilot culls in 2013 (including the extensions granted by Natural England) was 921 and 940 respectively.

In keeping with the spirit and effect of the EIRs, and in keeping with the government's Transparency Agenda, all information is assumed to be releasable to the public unless exempt. Therefore, the information released to you will now be published on www.gov.uk together with any related information that will provide a key to its wider context. Please note that this will not include your personal data.

I attach Annex A, which explains the copyright that applies to the information being released to you.

I also attach Annex B giving contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact me.

Yours,

Defra TB Programme
