Dear ██████████

**REQUEST FOR INFORMATION: Experimental Report into Gassing Badgers**

Thank you for your request for information about a report into gassing badgers from the 1980s, which we received on 20 December 2013. We have handled your request under the Environmental Information Regulations 2004 (EIRs).

The EIRs apply to requests for environmental information, which is a broad category of information defined in regulation 2 of the EIRs. Public authorities are required to handle requests for environmental information under the EIRs. They give similar access rights to the Freedom of Information Act 2000 (FOIA).

You asked for a report on trials which were carried out by what was the Pest Infestation Control Laboratory, an agency of the Ministry of Agriculture, Fisheries and Food, at the chemical defence establishment at Porton Down in the early 1980s. The trials were conducted in order to establish whether the gassing of badgers using hydrogen cyanide would prove to be humane.

I attach a copy of this report. We have been advised that the Tangle Wood site is no longer in existence. Defra does not hold any other reports into gassing badgers.

In keeping with the spirit and effect of the EIRs, and in keeping with the government's Transparency Agenda, all information is assumed to be releasable to the public unless exempt. Therefore, the information released to you will now be published on [www.gov.uk](http://www.gov.uk) together with any related information that will provide a key to its wider context. Please note that this will not include your personal data.

I attach Annex A, which explains the copyright that applies to the information being released to you.

I also attach Annex B giving contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact me.

Yours sincerely,

**Defra TB Programme**
