INTRODUCTION

Purpose of the Wales Office

The Wales Office supports the Secretary of State for Wales in promoting the best interests of Wales within the United Kingdom. It ensures Welsh interests are fully and effectively represented at the heart of the UK Government, and the UK Government's responsibilities are fully and effectively represented in Wales.

The Wales Office also supports the Secretary of State in ensuring the smooth working of the devolution settlement in Wales.

Our vision is for a more prosperous, ambitious and fairer Wales. We will achieve this by working in partnership with colleagues in Whitehall, the Welsh Government and others across the public, private and third sectors.

We continue to be Wales' voice in Westminster and Westminster's voice in Wales.

Values

The Wales Office conducts its business with courtesy, efficiency, effectiveness and propriety, and in accordance with its core values. They are to:

- secure the best deal for Wales, which remains our overriding priority and shapes every aspect of our work;
- deliver excellence and quality in everything that we do;
- support and develop our staff, and ensure they have a safe working environment; and
- be open and transparent, and work in partnership with others.

We demonstrate these values by:

- Providing value for money and managing costs effectively. We are implementing a programme of efficiency savings and reviewing Service Level Agreements with other departments providing services to the Wales Office to make sure that services are provided efficiently and economically;
- Ensuring good financial management, with effective financial controls in place. We aim to pay invoices accurately within 10 working days (5 working days for small and medium-sized enterprises), transmit grant payments promptly to the Welsh Government and prepare accurate financial returns (including the annual report and accounts);

- Providing accurate and timely responses to public correspondence, Parliamentary Questions, Freedom of Information requests and Parliamentary and Assembly enquiries;
- Maintaining a competent, highly motivated workforce who are able to participate in the running and future direction of the Wales Office. We ensure the development needs of Wales Office staff are reviewed regularly;
- Ensuring information held by the Wales Office is managed and protected properly to safeguard the interests of Government and individual members of the public; and
- Delivering an on-going programme of improvements and health and safety-related work in Wales Office buildings.
