[REDACTED]

Cheers for this and you pre-empted the fact that I should have asked you to send it my way. I'll forward it on to Andrew and Sarah so that they have sight of it as well.

Thanks

[REDACTED]

Our telephone conversation from this morning refers. I am copying you in on this for information given the reference to the Anglo European Studbook.

Regards

Good morning [REDACTED]

Just by way of further update I have passed your enquiry to our solicitors for advice and I will respond when this has been obtained.

Regards

Subject: SIES

Hello [REDACTED],

Hope you are well.

Could you please let me know if there would be any objections to change the name of the Studbook for Irish and European Sporthorses? We would suggest to change it into IES standing for International Equine Studbook. It would still be owned by the same Ltd Company of which we are the sole owners.

Also I would like to attach a condensed version of the Breeders Elite improvement scheme to the full studbook and rename the auxilliary studbook section as 'Reception Register.'

As the only PIO in the North, I believe we should be more accessible and cater for all the types and unregistered horses too. Hence this request.

We are temporarily not working for the Anglo European Studbook and therefore we can now concentrate more on the SIES.

Could you please let me know asap?

Kind regards

[REDACTED]
