Hi [REDACTED],

Good to meet you too. Below is the info I agreed to send on:

1. Ken Cronin is the head of the industry body, UKOOG (UK Onshore Operators Group). His email address is: [REDACTED]
2. The link to the BGS shale survey is here: <http://www.bgs.ac.uk/shalegas/#ad-image-0>. The BGS coal bed methane survey is here: https://www.og.decc.gov.uk/UKpromote/onshore_paper/Promote_UK_CBM.pdf
3. The details of the government's tax initiatives for unconventional hydrocarbons (including the definition of unconventional hydrocarbons) are in this document, which is being consulted on until 13th September so you may want to feed into that consultation: <https://www.gov.uk/government/news/shale-gas-government-unveils-plan-to-kick-start-investment-with-generous-new-tax-breaks>

The pad allowance relates to tax and is covered in the HMT document. I suggest you contact Ken Cronin re potential CBM investors.

Kind regards,

[REDACTED]

[REDACTED]

Nice to meet yesterday, and thank you for the introduction and background to the work of your department.

As we discussed, I would be obliged if you could send over;

- 1) Details and any contacts for the UK society for the unconventional gas industry (UKUG?)
- 2) A copy of the latest British Geological Survey for Stoke and North Staffordshire
- 3) Confirmation and any details of the Government's tax initiatives for the Coal Bed Methane sector.
- 4) Details of any potential CBM investors who have contacted you recently

- 5) Any details of the 'PAD' allowance?. (This was raised after you had left so we were not clear what this may relate to).

Regards

Hi [REDACTED]

I've rung your office but understand you're on leave this afternoon - I will be able to attend the meeting tomorrow afternoon, although I'm afraid the size and resources of the Office of Unconventional Gas and Oil are a great deal smaller than you seem to be envisaging but I'm happy to update you on that tomorrow.

If helpful to discuss beforehand, I'm available between 11-12 tomorrow morning if you want to call then - otherwise I'll see you at the meeting in the afternoon.

Many thanks,

[REDACTED]

Dear [REDACTED]

Further to my voicemail today we are looking forward to seeing you on Thursday for the meeting being convened by Steven Bishop of the Cabinet Office. In advance of the meeting we wondered if we can possibly catch up so that we might be better prepared in answering your questions.

If you prefer you can always email us with a list of issues ?

Looking forward to hearing from you

Rgds
