## Royal Naval Monthly Personnel Situation Report

August 2010

This was previously known as the Royal Naval Situation Report

All data are derived from DASA's ARES2 Manpower Database. Strength data represents the position at the first of the month and flows data is movement reported during the previous calendar month.

The date of this situation report represents data as at the last day of the preceding month, i.e the January 2010 report represents data as at 31 December 2009.

Totals may not equal the sum of parts due to rounding. All numbers over 100 are rounded to the nearest 10 with numbers ending in 5 rounded to the nearest multiple of 20, to avoid bias. Numbers under 100 are rounded to the nearest 5, with numbers that would be rounded to 0 represented by '-'.

The current Liability is the smoothed Planning Liability 1-10, and will not match the live Liability.

The Ratings "Branch" split has been changed to reflect the branch manager structure.

RM Aircrewmembers are included with XAV, and RM Medical Assistant are included with Medical. Where an RM/RN total split is given, they are included with RM.

Royal Marines Officers includes RM pilots.

'No Spec' (Officers) and 'No Trade' (Ratings) covers personnel whose specialisation has not yet been assigned.

Only Table 1 includes Full Time Reservists (FTRS), unless otherwise stated.

Premature Voluntary Release (PVR) has now been renamed Voluntary Outflow (VO).

VO exit rates are the 12 month total exits divided by the average strength. (Strength calculated on a 13 month rolling average).

Figures for previous periods have been revised to reflect the reclassification of some re-entrants from Untrained to Trained. These should now be the final figures.

LTAs and AWOLs have been removed from the strengths.

In the Trained Strengths tables involving branch and specialisation, Transfer Trainees have been removed from the totals. Transfer Trainees are shown in tables 2e and 2f. From May 2008, Transfer Trainees include Sideways Entries.

NA(Met) has been moved into XR and is shown as HM(M) to reflect a change in branch manager structure

**Due to the introduction of the Joint Personnel Administration system to the Naval Service during October 2006, all data are provisional and subject to revision**

\* From Jun 09 in this table only, the FTRS Strength has been split into those that are counted against the Regular Liability - FTRS "Regulars", and those that count against a separate FTRS only Liability - FTRS "Non-Regulars"
