Good Afternoon,

I write to you as one of your concerned constituents regarding the recent BIS proposal and the investigations surrounding the leased and tenanted business model for pubs.

As a proud employee of Enterprise Inns I believe we benefit our Publicans. We offer low cost entry into running a pub business which makes the prospect of running your own pub business easier to attain and the only possible way some Publicans could obtain their own business. We actively support our Publicans throughout their lease/tenancy with various tools and services they would not otherwise receive including free award winning training.

It has been expressed that Publicans pay more for their beer however our Publicans pay a lower rent for their business and do not have the initial outlay of purchasing a pub.

I would be interested to hear of your plans and actions regarding pub companies such as ours.

Thank you.
