**Subject:** Pubco representation

Dear

I am writing to you as a member of your constituency and an employee of Enterprise Inns plc with reference to the BIS proposal to a statutory code of practice and the investigations surrounding the leased and tenanted business model of pubs.

I have worked for Enterprise Inns for years and have been disappointed to see how the company has been misrepresented over recent weeks.

Both the government and organisations such as CAMRA have suggested that pubco's such as Enterprise Inns are guilty of acting unfairly towards Publicans however in reality Enterprise Inns provide a lower cost route to Publicans wishing to run their own business who do not have the capital are available to purchase a freehold pub or rent a pub on a free of tie basis.

Enterprise also offer ongoing support to the Publican throughout the course of their agreement including a dedicated Regional Manager, award winning free training courses and free and discounted marketing materials.

I would be keen to hear your thoughts on the subject and what actions you are taking to ensure that Pub companies are treated fairly.

Yours sincerely,
