Dear Mr Blunkett,

I am writing to you as a constituent and as member of the Operations Team at Enterprise Inns working in Retail Standards, also having worked in the industry for the past 10 years, one of those with Enterprise Inns.

I do feel strongly about how unfairly certain parties are towards my company at the moment and can honestly say that everyone I know that is employed by Enterprise Inns does nothing but help Publicans at every level and stage. Enterprise Inns offers lots of support to our Publicans whether that be free training, marketing or even financial help and that's rarely reported on.

All Enterprise employees do everything they can in their power to help Publicans at every level because if Publicans fail, then we fail so why would we make it more difficult for them? I love my role and enjoy engaging with Publicans trying to improve their businesses and standards so customers have an enjoyable time in our and our Publicans pubs.

I believe there to be discussions in parliament very shortly and the outcome from this could impact a great deal of hard working colleagues and customers that do work with us. We have some excellent pubs in the Sheffield area and feel that they might be under threat if the decision goes against us and that could have a massive impact on the local area and community.

Thank you for taking the time to read my letter and look forward to hearing from you.

Kind regards
