

**Subject:** Email from your constituent

Dear

As one of your constituents living in the village of , I am taking the time to write to you and ask for your support on the subject of The BIS Consultation into the Pub Co and Tenant relationship.

I have been a Pub Co Tenant myself for a rival Pub Company and in the later years have worked directly for one myself (Enterprise Inns). I am passionate about our business and above all this, the culture of the great British pub and the tenants that run them.

In short, I would welcome the opportunity to take you to see some of our pubs and meet some of our publicans, in your constituency, so that you may see the good work that I believe we do on a daily basis and give some real balance to the issues that we are facing?

I believe we have worked very hard to create our company code of practice and we have embraced it with enthusiasm and integrity. We have invested in our pubs and given financial assistance to the hard working publicans who simply approach our relationship in a business like way and genuinely work with us to achieve a common goal; a successful, thriving pub business which both the tenant and the community enjoy. There is nothing like sharing the success with a publican who has with our help created a great pub business, or a committed publican who has against adversity rebuilt a pub business for the community to enjoy once again.

I detail one such example which is in the real heart of your constituency –

Our publican ( ) has worked with us closely following a serious downturn in trade since 2009. We acted on this and invested in the pub and . Whilst we are aware of the challenges faces economically, against the odds he has directly and positively benefitted from the support we have given. He now has a pub business that he is proud of and he can look towards the future with confidence.

I sincerely look forward to your response.

Kind Regards
