Dear

I would be grateful if you could consider my e mail correspondence in relation to the current consultation process.

I live and work in and have spent a large part of my career 20+ years involved in the hospitality sector. I feel it necessary to highlight that the industry remains under huge pressure and represents a significant part of our community and life style. I have developed a wide diversity of sites from when owned by

The company has been bought and sold, and currently under Punch taverns I can confirm that over the last few years real progress has been made on investments and growing sustainable businesses for the long term. Significant numbers of partners have received financial support packages whilst others have benefited from Deeds of variation to permanently improve their lease. These actions are rarely noted and never seem to make it to the trade papers.

I have built excellent relationships with my partners , Suppliers, Catering equipment suppliers, Designers, Building Contractors and local authorities all of which play an integral role within our business.

If you would like to discuss any points in further detail, I would be happy to assist, I would like to thank you for your time and hopefully I have provided a different point of view.

Many Thanks
