

Airports Commission: Davies speech of 7 Oct

Hi

We will be discussing this speech at our Transport Group meeting on 6 Nov.

Hopefully I will be able to feed into your consultation after that.

The Civil Engineering Contractors Association provides the voice for those companies who create, improve and maintain the UK's vital transport and utility networks. Our membership of more than 300 companies together delivers an estimated 70-80 per cent of all infrastructure construction work carried out nationwide. Our industry supports the employment of around 200,000 people with annual activity worth up to £25 billion.

I hope this is OK.

All the best

Marie-Claude
