## **SCHEDULE FOR THE PUBLICATION OF OFFICIAL STATISTICS OCTOBER 2010 TO MARCH 2012**

### **INTRODUCTION**

This Statistical First Release (SFR) announces the planned schedule for the publication of statistics by the Department for Education (DfE) for the period October 2010 to March 2012. The schedule covers all of the National Statistics and Official Statistics that DfE expects to publish throughout the next 18 months. National Statistics are the subset of Official Statistics that have been assessed or deemed to have been assessed to be compliant with the Code of Practice for Official Statistics.

The schedule lists the National Statistics publications (SFRs, Bulletins and Volumes) and official statistics publications due to be released in each of the next six months, and provides a provisional list for the following twelve months. Specific release dates will be announced at least a month in advance of release on DfE's Research and Statistics Gateway at <http://www.dcsf.gov.uk/rsgateway/index.shtml> and on the UK Statistics Authority Publication Hub at <http://www.statistics.gov.uk/hub/release-calendar/index.html>. For statistical releases with fixed release dates, specific release dates are given here in this schedule.

The DfE's Statement of Compliance with the Pre-release Access to Official Statistics Order 2008 at <http://www.dcsf.gov.uk/rsgateway/nat-stats.shtml> sets out the procedures for pre-release access to statistics within the Department. Statistical Releases are normally released at 09:30 and are made available to all users at that time.

### **REVISIONS TO THE SCHEDULE**

If the Department publishes or plans to publish any statistics not listed in the schedule then these statistics will be announced on the Research and Statistics Gateway and UK Statistics Authority Publication Hub mentioned above. If it proves necessary to change any pre-announced release date, an explanation will be provided as far in advance as possible of the planned release date. The next schedule is due to be announced in March 2011.

### **Discontinued publications**

The following publications were listed in the previous schedule published in March 2010 and have since been discontinued:

- GCE/VCE A/AS and Equivalent **Attainment by Pupil Characteristics** in Schools in England  
*This statistical release breaking down A/AS level results by pupil characteristics was last published as part of a wider release in November 2008; the planned publication of separate figures for GCE/VCE A/AS attainment by pupil characteristics in June 2010 (delayed from February 2010) was discontinued. This publication was discontinued due to lack of public interest and limitations within the data. Publication of overall A/AS level exam results is still included in the schedule.*
- Percentage of Schools Providing Access to Extended Services  
*This was last published in June 2010; the planned publication for October 2010 has been discontinued. Following consultation with the Treasury and the Department for Communities and Local Government, the Department has confirmed that Local Authorities will no longer need to collect and submit data to support this indicator.*
- Parental Experience of Services for Disabled Children  
*This was last published in December 2009; the planned publication for November 2010 has been discontinued. Following consultation with the Treasury and the Department for Communities and Local Government, the Department has confirmed that the survey that informs this publication should cease.*
- Local Authority Measures for National Indicators Supported by the Tellus 5 Survey  
*This was last published in February 2010; the planned publication for February 2011 has been discontinued. The Department has decided to stop the Tellus Survey as part of its commitment to reduce the burdens which data collection imposes on schools and local authorities.*

Details about discontinued publications are available on our website at <http://www.dcsf.gov.uk/rsgateway/index.shtml>.

### **Potential further discontinuations**

This schedule covers the period from October 2010 to March 2012 and reflects the position as at the point of publication. Outcomes from the Spending Review in October 2010 may affect some planned publications. This schedule also includes a number of publications relating to the previous government's National Indicators, and changes to these indicators may also affect some planned publications. Any reviews to reduce data burdens may also impact on the publication programme. Announcements will be made on our website when definitive information is available.

### **RELEASE OF FURTHER DATA ALONGSIDE THE MAIN STATISTICAL RELEASES**

#### **Additional tables**

In addition to the main releases listed, further information is often released in the form of additional tables. Typically, these may be Local Authority level tables relating to the national tables in the main release, or updated tables using revised or final data. These additional tables will be either identified within the releases themselves or separately advertised on our website. They are not listed separately in this schedule.

## **Underlying data**

As part of a Government drive for improved data transparency, we will make the underlying data for publications available as soon as possible after the release of the main publication. Where data protection and resources permit, this supporting data will include a combination of files in an open standardised format and data at finer levels of detail. We will endeavour to be clear about expected timescales for the release of these underlying data.

## **USER ENGAGEMENT**

DfE statisticians run a series of user groups for those who wish to comment on the timing, frequency or content of publications - see <http://www.dcsf.gov.uk/rsgateway/usercons.shtml> for more information. Wider comments on the overall breadth and depth of information produced and the way in which it can be accessed should be sent to [users.statistics@education.gsi.gov.uk](mailto:users.statistics@education.gsi.gov.uk). Our policy on Meeting User Needs Through User Engagement is published at <http://www.dcsf.gov.uk/rsgateway/nat-stats.shtml>.
