As requested in your letter Sellafield Limited would like to inform you that we are looking at the above letter (picked up via the DEFRA website) in relation to Large Combustion Plant situated on the Sellafield Site. This relates to:

- 1) 3 Gas Turbines (currently not LCP but will become LCP when IED comes into force)
- 2) 1 Auxiliary Boiler (currently LCP) and,
- 3) 1 Boiler Park (LCP but yet to be commissioned (mid/late 2012)).

We are currently looking at the required response for the 8th of May re the TNP.

If you require any further information please contact myself - or if there is any additional correspondence from yourselves please forward.

Regards -
