SECONDARY APPLICATIONS AND OFFERS – NATIONAL OFFER DAY 1 MARCH 2011

INTRODUCTION

The Information as to Provision of Education (England) Regulations 2008, which came in to force on 14 February 2008, require local authorities to submit data to the Department on how many families received an offer of a place at one of their preferred schools on 1 March 2011. On 1 March the families of nearly 513,000 children were informed of their offer of a secondary school place to start in September 2011.

These are Official Statistics not National Statistics. They have been collected and compiled by the Department's policy officials in consultation with statisticians who provided quality assurance.

KEY POINTS

Secondary Applications and Offers (Table 1)

The headline figures for England for 151 local authorities (the Council of the Isles of Scilly has been excluded as it has one school where the normal point of entry is at aged 3 and pupils continue until aged 16), are as follows:

- 84.6 per cent of families received an offer of a place at their highest preference school – an increase of 1.4 per cent from March 2010.
- 95.6 per cent of families received an offer of a place at one of their top three preferred schools – an increase of 0.7 percentage points from March 2010.
- 97.2 per cent of families received an offer of a place at one of their preferred schools – an increase of 0.6 percentage points from March 2010.

Guidance on interpretation of the local authority figures

A few points should be borne in mind when looking at the figures for each local authority:

- Each local authority co-ordinates admissions to the state funded schools in its area. Applications for each school are ranked against the school's published oversubscription criteria by the admission authority for the school. Where a child can be offered a place at more than one of their preferred schools, the local authority makes an offer at the school their parents ranked highest.

- Each local authority provides data on applicants resident in their area, including applications for schools in the area of other local authorities.
- When the figure for 'Home applicants with an alternative offer' is lower than that for 'Home applicants without an offer corresponding to any preference', this is generally because local authorities have started another preference exercise (based on surplus places) or the child did not require another place/offer.
- The data relates to applications for transfer from primary to secondary school made during the normal admission round. The vast majority of returns are based on data for pupils moving to year 7, but a small number of local authorities have reported on another year group which is the normal point of entry in their area.

As part of the data collection process, local authorities had the option to provide contextual information setting out factors which might impact on figures in their area. From the information provided several common issues emerged:

- The effect that having one or more very popular, heavily oversubscribed schools has on the percentage of applicants being offered a place at their first preference school.

In local authorities that have selective schools:

- The effect on the percentage of applicants being offered their first preference school where parents do not know the outcome of tests before they express a preference.

TECHNICAL NOTES

1. This is the fourth year that secondary preference data has been collected and published. Data for 2010 is available at <http://www.dcsf.gov.uk/rsgateway/DB/STR/d000833/index.shtml>.
2. Local authorities are required to provide the data to the Secretary of State on 1 March each year (or the next working day) as prescribed in The Information as to Provision of Education (England) Regulations 2008.
3. The Information as to Provision of Education (England) Regulations 2008 are available to view at http://www.opsi.gov.uk/si/si2008/pdf/uksi_20080004_en.pdf.
4. The data includes returns from 151 local authorities. The Council of the Isles of Scilly has been excluded as it has one school where the normal point of entry is at aged 3 and pupils continue until aged 16.
5. For some local authorities the year of entry varies from Year 7 and is indicated where appropriate.
6. The following provides definitions of key headings used in Table 1:
 - National Curriculum Year of Admission – the normal curriculum year of entry to schools within the local authority i.e. Year 7 is aged 11
 - Applications received from parents of children living in the area of the authority – the number of applications received

- The sum of admission numbers of all secondary schools – the number of places available in schools within the local authority
 - Number of preferences offered by the local authority – the number of schools parents can apply for in their application
 - Percentage of offers communicated
 - a) Highest preference – percentage of applicants who received an offer of a place at their first preference school
 - b) Second preference – percentage of applicants who received an offer of a place at their second preference school
 - c) Third preference – percentage of applicants who received an offer of a place at their third preference school
 - d) A preferred school – percentage of applicants who received an offer of a place at one of their preferred schools (this may be up to a sixth preference school)
 - Home applicants without an offer corresponding to any preference – percentage of applicants without an offer to one of their preferred schools
 - Home applicants with an alternative offer – of those without an offer to a preferred school, the percentage of applicants with an offer to an alternative school.
 - Home applicants with offers to a school in the area of the local authority – percentage of applicants living in the local authority area who received an offer to a school within the local authority area
 - Home applicants with offers to a school in another local authority – percentage of applicants living in the local authority area who received an offer to a school in the area of another local authority
7. As the same as last year, local authorities have been asked not to include children with statements of special educational needs, as their parents are not required to apply for a school place. In 2009 and earlier years, local authorities were required to include such applications and record them as receiving first preference offers.

REVISIONS

We do not plan to make any revisions to this publication. If we later discover that a revision is necessary, this will be made in accordance with our revisions policy which is published at <http://www.education.gov.uk/rsgateway/nat-stats.shtml>

CONFIDENTIALITY AND SUPPRESSION

The Code of Practice for official statistics requires that reasonable steps should be taken to ensure that all published or disseminated statistics produced by the Department for Education protect confidentiality. An 'x' indicates that a figure has been suppressed due to small numbers. Values of less than 3, or a rate based on fewer than 3 pupils are suppressed. Some additional figures have also been suppressed to prevent the possibility of a suppressed figure being revealed. This suppression is consistent with the Departmental statistical policy which can be found at <http://www.education.gov.uk/rsgateway/nat-stats.shtml>.

ENQUIRIES

1. Enquiries about the figures in this OSR should be addressed to:

Alison Ellsworth
Department for Education
Mowden Hall
Darlington DL3 9BG
Telephone number: 01325735632
Email: alison.ellsworth@education.gsi.gov.uk

2. Press enquiries should be made to the Department's Press Office at:

Press Office News Desk

NOTES TO EDITORS

1. Data collected from local authorities on National Offer Day - 1 March 2011.
2. Excludes Isles of Scilly which has one school where the normal point of entry is at aged 3 and pupils continue until aged 16.
3. See Statistical Report for definitions of the headings.
4. This table was reissued on 20th March 2012 due to a revision made by Wirral LA to their figure for 'The sum of the admission numbers of all secondary schools'.

X is used where figures have been suppressed to protect confidentiality.
