Subject  
FW: Request for Meeting with SoS, 27th June

[REDACTED]  
As discussed, please see below and attached.

We fully appreciate that SoS is unable to meet to discuss tobacco packaging and apologies for any misunderstanding.

Though we wish to meet with SoS on Parliament Day, we are keen to have a general 1-1 between Andrew and our CEO Harpal Kumar. We would cover our key priority issues - early diagnosis of cancer, achieving the ambitions set out in Improving Cancer Outcomes: A Strategy for Cancer, ensuring we deliver world class radiotherapy treatment and the NHS is supporting cancer research and innovation.

I look forward to hearing from you.

Thanks and kind regards

Sarah

Sarah Woolnough

Subject: Request for Meeting with SoS, 27th June

Dear Sir/Madam

We sent the attached to SoS in early May. We understand that Andrew is unable to address our ambassadors. I wonder, however, if Andrew is able to meet with Harpal Kumar, CEO of Cancer Research UK, for a 1-1 on 27th June. Harpal has not met Andrew this year so a catch up meeting would be much appreciated. We would want to cover our key policy priorities - early diagnosis of cancer, screening, tobacco, radiotherapy and research - with Andrew on 27th.

I look forward to hearing from you.

Kind regards  
Sarah

Dear Andrew,

Request for meeting at Cancer Research UK's Parliament Day on 27th June 2012

In advance of Cancer Research UK's Parliament Day on 27th June, I am writing to request a meeting with you on the day. Our Parliament Day will highlight our top priorities for cancer - saving lives through prevention, awareness, early diagnosis and treatment. The day includes a series of high level meetings, a photocall for MPs at our Cancer Awareness Roadshow and a lobby of Parliament by Cancer Research UK supporters from across the UK. The lobby will focus on 'The answer is plain': our campaign for plain packaging of tobacco products to support the Government's consultation.

We are delighted that the consultation has been published. You are well aware of our position and you will of course already be familiar with our desire to see the introduction of plain packaging. We would be happy to update you on the campaign, and also discuss a number of other key priority issues including endoscopy capacity to support the bowel screening programme and early diagnosis efforts.

We hope the meeting would discuss how the public health system and NHS should work together to promote awareness and early diagnosis, and how the NHS can promote world class treatment, including an update on our work on radiotherapy services. We are also keen to discuss progress on the Francis Crick Institute.

I hope we will be able to meet you on 27th June and be part of the day. A member of our public affairs team will be in contact with your office shortly and if you have any questions please contact Sarah Woolnough, Director of Policy on sarah.woolnough@cancer.org.uk or 020 3469 8324.

Yours sincerely,

Dr Harpal S. Kumar  
Chief Executive

Dear Andrew,

**Request for meeting at Cancer Research UK's Parliament Day on 27th June 2012**

In advance of Cancer Research UK's Parliament Day on 27<sup>th</sup> June, I am writing to request a meeting with you on the day. Our Parliament Day will highlight our top priorities for cancer – saving lives through prevention, awareness, early diagnosis and treatment. The day includes a series of high level meetings, a photocall for MPs at our Cancer Awareness Roadshow and a lobby of Parliament by Cancer Research UK supporters from across the UK. The lobby will focus on 'The answer is plain': our campaign for plain packaging of tobacco products to support the Government's consultation.

We are delighted that the consultation has been published. You are well aware of our position and you will of course already be familiar with our desire to see plain packaging introduced as soon as possible. We would be happy to update you on the campaign. I would also like to discuss a number of other priority issues including endoscopy capacity to support the early diagnosis of bowel cancer and radiotherapy services.

Depending on your diary, we would also be delighted if you were able to address our supporters – we hope to have over 100 present, who are gathering in London on the day to meet with their constituency MPs in the afternoon. If you were available in the morning to say a few words to them about the consultation, they would appreciate that greatly.

I hope we will be able to meet you on 27<sup>th</sup> June. A member of our public affairs team will be in contact with your office shortly and if you have any questions please contact my office on 020 3469 8468 or [REDACTED]

Yours sincerely

**Dr Harpal S. Kumar**  
Chief Executive
