

Exercise

Watch the audio clip and in your group consider the following questions. Feedback your findings to the group:

1. Does the response from the professional giving advice support the practitioner to safeguard this child from neglect?
2. If not, why not?

Now watch the second clip and repeat the exercise considering the following questions:

1. Does the response from the professional giving advice support the practitioner to safeguard this child from neglect?
2. What approaches were helpful for the worker?
