

DECC Green Deal assessment experience survey (Wave 3) FINAL QUESTIONNAIRE

Introduction / screener

We are conducting a short survey of people who have had a Green Deal assessment on behalf of the Department for Energy and Climate Change (DECC). We understand that you recently had a Green Deal assessment carried out on your property by [INSERT NAME OF ASSESSOR] and we are interested in finding out more about your experiences of having that assessment.

Your views are important and will help the government design better policies that meet people's needs, so we very much hope you will take part. We really value your opinions.

We have tested the questionnaire and found that, on average, the survey should take around 10 minutes to complete depending on your answers. As a thank you for taking part we will send you a **£10 gift voucher**.

Your responses will be treated in the strictest of confidence and in line with the Data Protection Act. Your responses will not be passed back to your assessor or installers, and you will not be contacted again as a result without permission.

IF COMPLETING WITH FACE-TO-FACE INTERVIEWER

- S1.** Firstly, can we check that a Green Deal energy assessment was recently carried out at this property?

This means that a Green Deal Assessor came to the property, looked at the building and any energy saving measures you may already have in place and discussed your household's energy usage.

He/she may have recommended some energy saving improvements, and discussed how energy saving improvements could be paid for, including discounts, subsidies, grants and the Green Deal Finance package.

We understand that the assessment was done by <name of company>.

- S2.** And are you the best person to speak with about the assessment that was carried out and the decisions you have made after the assessment?
