## GCSE AND EQUIVALENT RESULTS IN ENGLAND 2009/10 (REVISED)

## INTRODUCTION

This Statistical First Release (SFR) provides updated information on the overall achievements of young people in GCSE examinations and other accredited qualifications in 2009/10. The information is taken from data collated for the 2010 Secondary School Performance Tables, which has been checked by schools. The results shown in this SFR are based on pupils reaching the end of Key Stage 4, typically those starting the academic year aged 15 .

Two new indicators are included in this publication: the percentage of pupils achieving the English Baccalaureate and the percentage of pupils achieving GCSE English and maths at grade $A^{*}$-C. Further information can be found in the Definitions section of this SFR.

Accredited iGCSEs are included in the figures for the first time in 2010 as equivalent to GCSEs and have been counted towards the new indicators mentioned above as well as existing measures. The impact of their inclusion has been shown in the tables where appropriate.

The SFR includes national figures in Tables 1 to 15, local authority figures in Tables 16 and 17. Urban and rural classifications and local authority districts are in Tables 18 and 19.

## KEY POINTS

## PUPILS AT THE END OF KEY STAGE 4

## National results for pupils at the end of Key Stage 4

- 53.4 per cent achieved 5 or more GCSEs at grade $A^{*}$-C or the equivalent including English and mathematics GCSEs or iGCSEs, an increase of 3.6 percentage points from 2008/09 (Table 1, Chart 1). The inclusion of accredited iGCSEs into this measure does not make a difference when reported to one decimal place.
- 75.4 per cent achieved 5 or more GCSEs at grade $A^{*}-C$ or the equivalent, an increase of 5.4 percentage points from 2008/09 (Table 1, Chart 1). When iGCSEs are excluded, the proportion falls slightly to 75.3 per cent.
- 55.2 per cent in maintained schools achieved 5 or more GCSEs at grade $A^{\star}-C$ or the equivalent including English and mathematics GCSEs or iGCSEs, an increase of 4.5 percentage points from 2008/09 (Table 1).
- 15.6 per cent achieved the English Baccalaureate in 2009/10.
- 22.0 per cent of pupils were entered for subjects that covered all the components parts of the English Baccalaureate (Table 1b).
- 53.8 per cent achieved English and mathematics GCSEs at grades $A^{*}$-C. 91.1 per cent of pupils were entered for both English and mathematics GCSE or accredited iGCSE (Table 1b).
- 54.8 per cent in urban maintained schools achieved 5 or more GCSEs at grade A*-C or the equivalent including English and mathematics GCSEs or iGCSEs, an increase of 4.5 percentage points from 2008/09. Similar to last year, maintained schools in urban areas were outperformed by those in rural areas: 58.9 per cent in 'Rural areas - town and fringe', 59.1 percent in 'Rural areas - village' and 57.7 percent in 'Rural areas - hamlet \& isolated dwelling' (Table 18).

## Time series of the main indicators

Chart 1: Percentage of pupils achieving 5+ GCSEs (or equivalent) at A*-C, 5+ GCSEs (or equivalent) at **-C including English and maths GCSEs or iGCSEs and $5+$ GCSEs at A*-G (or $_{\text {a }}$ equivalent) - see Table 1

## International GCSEs

For the first time, accredited International GCSEs (iGCSE) have been included in the Performance Tables and within this SFR. In order to better capture the attainment of pupils in the Independent sector, iGCSEs that were not accredited at the beginning of the period of study but have since been accredited have been included (see chart 2).
At the time of publication, not all iGCSEs that were taken had been accredited and where iGCSEs have not been accredited they have not been counted. Many of these are in the subjects of mathematics and single sciences and this continues to impact on some of the indicators published in this SFR, particularly on indicators that include schools in the independent sector.

Chart 2: Analysing the effect of including accredited iGCSEs when comparing the percentage of pupils gaining the equivalent of $5+$ GCSEs at $A^{*}-C$ including English and maths GCSEs or iGCSEs (see Table 1)

## School types

The following chart compares the performance of the different types of schools based on the percentage of pupils who achieved the 5 or more GCSEs (or equivalent) at grades $\mathrm{A}^{*}$ to C . The type of schools differ for a number of reasons for example the school could be a registered independent school (normally fee paying), a community school which is maintained by the local authorities or an academy which is a publicly-funded independent school.

Chart 3: The percentage of pupils achieving 5 or more GCSEs (or equivalent) at A*-C and including English and maths GCSEs or iGCSEs in mainstream schools (see Table 6)

Chart 4: The percentage of pupils achieving 5 or more GCSEs (or equivalent) at $A^{\star}-G$ and the percentage achieving at least one at grade $A^{*}$ - $C$ (or equivalent) in non-mainstream institutions (see Table 6)

## Other qualifications

There are a large number of qualifications available for pupils to enter at the end of Key Stage 4 that are counted as being equivalent to GCSEs in that they contribute to the attainment of Level 1 (i.e. five or more GCSEs at grade $A^{*}-G$ ) and Level 2 (i.e. five or more GCSEs at grade $A^{*}$-C). Chart 5 shows the number of awards in a selection of non-GCSE qualifications that have contributed to pupils' Key Stage 4 achievement.
Chart 5: Number of non-GCSE qualifications that make a contribution to Key Stage 4 Levels 1 and 2 awarded to pupils at the end of Key Stage 4 in 2010 (see Table 15).

Chart 6 shows the effect that non-GCSE equivalents have on the attainment of Level 2 in mainstream schools. For example, 54.9\% of pupils in comprehensive schools achieve Level 2 when only full, double and short course GCSEs are counted. When vocational GCSEs are included, this rises to $56.6 \%$ and increases further to $68.3 \%$ when BTECS are included. When all accredited qualifications are included, $76.7 \%$ pupils in comprehensive schools achieve Level 2.

Chart 6: Analysing the effect of including non-GCSE qualifications on the percentage of pupils achieving 5+ GCSEs at A*-C (or equivalent) - see Table 5

## TABLES

Included within this document and available on the DfE statistics website:
http://www.education.gov.uk/rsgateway/DB/SFR/s000985/index.shtml

Table 1 Time series of GCSE and equivalent attempts and achievements, 1995/962009/10, England.

Table 1b The English Baccalaureate and achievement of GCSE or iGCSE English and maths at $A^{*}-C, 2009 / 10$, England

Table 2 National performance of pupils attaining Levels 1 and 2 (including English and maths), 2 or more sciences GCSEs and modern foreign language GCSE for pupils at the end of Key Stage 4, 2005/06 - 2009/10, England

Table 3 GCSE and equivalent attempts and achievements of pupils at the end of Key Stage 4 by admissions basis, 2009/10, England.
Table 4 Average point scores, the English Baccalaureate and achievement of the basics of pupils at the end of Key Stage 4 by admissions basis, 2009/10, England.

Table 5 Percentages of pupils achieving level 2 at the end of Key Stage 4 by qualification families and by admissions basis, 2009/10, England.
Table 6 GCSE and equivalent attempts and achievements of pupils at the end of Key Stage 4 by school type, 2009/10, England.

## Further tables

Available on the DfE statistics website:
http://www.education.gov.uk/rsgateway/DB/SFR/s000985/index.shtml
Table 7 GCSE attempts and achievements in selected subjects of pupils at the end of Key Stage 4 in schools (numbers), 2009/10, England
Table 8 GCSE attempts and achievements in selected subjects of pupils at the end of Key Stage 4 in schools (percentages of pupils attempting the subject), 2009/10, England

Table 9 GCSE attempts and achievements in selected subjects of pupils at the end of Key Stage 4 in schools (percentages of all pupils), 2009/10, England

Table 10 GCSE attempts in selected subjects by pupils at the end of Key Stage 4 by admissions basis (percentages), 2009/10, England

Table 11 GCSE results of pupils at the end of Key Stage 4 in schools, by subject and grade, 2009/10, England

Table 12 International GCSE results of pupils at the end of Key Stage 4 in schools, by subject and grade, 2009/10, England
Table 13 Results of GCSEs in Vocational subjects of end of Key Stage 4 pupils in schools, by subject and grade, 2009/10, England

Table 14 GCSE (Short Course) results of pupils at the end of Key Stage 4 in all schools by subject and grade, 2009/10, England
Table 15 Other Qualifications results of pupils at the end of Key Stage 4 in all schools by type of qualification, 2009/10, England

Table 16 GCSE and equivalent results of pupils at the end of Key Stage 4 by gender for each Local Authority and Government Office Region, 2009/10, England

Table 17 GCSE and equivalent results of pupils at the end of Key Stage 4 for each Local Authority and Government Office Region, 2005/06-2009/10, England
Table 18 GCSE and equivalent results of pupils at the end of Key Stage 4 by degree of rurality of school location, 2009/10, England

Table 19 GCSE and equivalent results of pupils at the end of Key Stage 4 by Local Authority District of school location, 2009/10, England

## DEFINITIONS

Academic Age - Academic age used for reporting examinations and awards is the age at the start of the academic year. For the majority of pupils at the end of Key Stage 4, this will be age 15. The end of Key Stage 4 signals the end of compulsory education. From 2005, the Secondary School Performance Tables reported examination results for pupils at the end of Key Stage 4, rather than those aged 15. This shift to stage-based reporting removes any barriers to more flexible rates of learning.

Level - In order to incorporate other accredited qualifications into measures such as the proportion of pupils achieving the equivalent of 5 grades $A^{*}$ - $C$ the contribution that a qualification makes towards the end of each level is used. The levels can be defined as follows:

Level 1 - The pupil has achieved the equivalent of 5 GCSEs at grades $\mathrm{A}^{\star}$-G.
Level 2 - The pupil has achieved the equivalent of 5 GCSEs at grades $A^{*}$ - $C$.
The results reported incorporate entry level, level 1 and level 2 qualifications with the addition of GCE/VCE AS levels, which are level 3 qualifications.

Qualification Abbreviation/Descriptions - The following qualifications are reported within this SFR and the abbreviations used throughout stand for the following:

Entry Level - Qualifications with an academic standard below that of a G-grade GCSE.
GCEIApplied GCE - General Certificate of Education/Applied General Certificate of Education (Advanced Supplementary level qualifications only).

GCSE - General Certificate of Secondary Education.
iGCSE - international General Certificate of Secondary Education (iGCSEs). Accredited qualifications of this type are counted as equivalent to a GCSE of the same grade in both the contribution to Level 1 and Level 2 and also for the purposes of counting whether a pupil has passed English and maths. Since these qualifications are new, figures are given without their inclusion for comparison purposes.

NVQ - National Vocational Qualification.
VGCSE - A GCSE in a vocational subject (first reported in 2004).
VRQ - Vocationally Related Qualifications.
BTEC - A qualification originally developed by the Business and Technology Education Council.

English and mathematics skills at level 2 - A pupil will fulfil this by achieving the equivalent of GCSE grades $A^{*}$-C (level 2) in both English and mathematics. Valid equivalents, along with GCSEs, are Functional Skills, Key Skills and Basic Skills at level 2.

English and mathematics skills at level 1 - A pupil will fulfil this by achieving the equivalent of GCSE grades $A^{*}-G$ (level 1) in both English and mathematics. Valid equivalents, along with GCSEs, are Functional Skills, Key Skills and Basic Skills at level 1.

English Baccalaureate (EBacc) - This has been introduced into performance tables with the aim of recognising pupil's achievements across a core of selected academic subjects. The EBacc covers achievement in GCSE (or accredited iGCSE) English, mathematics, sciences, a language (including Latin, classical Greek or ancient Hebrew) and a humanities subject. Further information on the exact qualifications included in 2010 measures are available here -http://www.education.gov.uk/performancetables/Statement-of-Intent-2010-Addendum.pdf

The 2010 performance tables also, for the first time, include the proportion of pupils achieving good GCSE grades ( $A^{*}-C$ ) in English and maths which covers the same qualifications that qualify for the English and maths components of the EBacc. Unlike the headline measure for $5+\mathrm{A}^{*}-\mathrm{C}$ including English and maths, this new measure excludes achievements in English studies.

National figures for the percentage of pupils entered for and achieving these new measures are given in table 1b in this SFR.

## TECHNICAL NOTES

The statistics in this first release cover the data prepared for the publication of the 2010 Secondary School Performance Tables, previously Achievement and Attainment Tables (AATs). From 2005 the Secondary School Achievement and Attainment Tables reported results on pupils at the end of Key Stage 4. This publication includes tables only for pupils at the end of Key Stage 4.

## Qualifications included in GCSE and Equivalent results

## Range of Qualifications

The general range of qualifications, together with the qualification families into which they fall, is set out below

| General | GCE AS | GCSE (Full course) | Accredited iGCSE | GCSE Short Course | $\begin{aligned} & \text { Entry Level } \\ & 1-3 \end{aligned}$ |
| :---: | :---: | :---: | :---: | :---: | :---: |
| General Vocational | Applied GCE AS Double award | Applied GCE AS/ VCE AS | Vocational GCSE Single | Vocational GCSE Double |  |
| Occupational | NVQ Level 1-2 |  |  |  |  |
| Vocationally related | VRQ Level 2 or BTEC First | VRQ Level 1 |  |  |  |
| Key Skills | Key Skills Level 1-2 |  |  |  |  |
| Basic Skills | Basic Skills <br> Level 1-2 |  |  |  |  |
| Vocational <br> Languages | NVQ Language Unit at Level 1-2 |  |  |  |  |
| Graded Exams | Graded Exam (Grade 1-8) |  |  |  |  |
| Free Standing Maths | Level 1-3 |  |  |  |  |
| Other General | Other General qualifications Level 1-2 |  |  |  |  |

GCSE (Short Courses) are of the same academic standard as a full GCSE but have half the content. GCSEs in vocational subjects are of the same academic standard as a full GCSE and
are available as single or double course.

## Average Point Score (Table 4)

Another measure of institution performance is an average point score. In order to incorporate a wider range of qualifications within average point scores, OfQual attribute a number of points to all accredited qualifications - on a scale equivalent to GCSEs. These are based on the relative challenge of a qualification together with the guided learning hours that a qualification requires. The capped point score in Table 4 is based on a pupil's best 8 GCSEs or equivalent. Finally, a pupil at the end of Key Stage 4 that has accumulated a non-zero number of points is considered to have passed at least one qualification (see Tables 1,2,3,5 and 13).

It is important to note that the point scoring system managed by OfQual is designed as a means of institutional performance measurement. It is not intended that the figures replace national systems used for other purposes, for example UCAS tariffs of individual pupils.

## International GCSEs

In addition to counting iGCSEs that were accredited at the start of the period of study, "Legacy" iGCSEs - i.e. those that were accredited by the time the provisional dataset was produced - will be included. Ofqual's subject matter expert advice has been followed on which iGCSEs are suitable for the all subject-specific indicators, including:

- Achievement of 5 or more $A^{*}-C$ grades at GCSE or equivalent including English and maths GCSEs or iGCSEs.
- Achievement of 2 or more $A^{*}-C$ grades in science GCSEs or equivalent.
- Achievement of 1 or more $A^{*}-C$ grades in a modern foreign language GCSE or equivalent.
In particular, iGCSEs in English, First Language English and English Language are counted in the English components, but iGCSE English Literature (like the GCSE in this subject) is not counted.

## Contribution of the iGCSE to a pupil's level

National figures in this SFR include results from independent schools. iGCSEs accredited at the time of publication have been included in 2010 results and have resulted in an increase in the proportion of pupils in independent schools who achieved 5 or more GCSEs at grade $A^{*}$ - C including English and mathematics (compared to results with iGCSEs excluded). However, the 2010 figure represents a decrease in the proportion meeting this threshold from 2009. The majority of iGCSEs that are taken in independent schools remain unaccredited and are therefore not reported in this SFR (see Tables 3, 5 \& 6).

Further information on accreditation, contributions to pupil level and point scores of qualifications can be found through OfQual's Register of Regulated Qualifications:
http://register.ofqual.gov.uk/.

## Urban / Rural Areas

The Rural and Urban Area Classification is a product of a joint project to produce a single and consistent classification of urban and rural areas. The project was sponsored by a number of Government Departments. The rural and urban definitions classify Output Areas, Wards and Super Output Areas by aggregating the underlying hectare grid squares classifications for the measures of settlement size and scarcity. Up to 8 classes of Output Areas could be distinguished; four settlement types (urban, town and fringe, village, hamlet and isolated dwelling) in either a sparse or less sparse regional setting. Further information about the Rural and Urban Area Classification 2004 can be found on the National Statistics website at:
http://www.statistics.gov.uk/geography/nrudp.asp

## Coverage of the data

The coverage of the national statistics is all pupils at the end of Key Stage 4 in England.
The coverage of the Local Authority (LA) statistics is maintained schools only in England. This includes City Technology Colleges and Academies but excludes hospital schools and pupil referral units.

## A NATIONAL STATISTICS PUBLICATION

National Statistics are produced to high professional standards set out in the National Statistics Code of Practice. They undergo regular quality assurance reviews to ensure they meet customer needs. They are produced free from any political interference.

## COMPLIANCE WITH STATISTICAL POLICIES

The Department has a set of statistical policies in line with the Code of Practice for Official Statistics. These are published here: http://www.education.gov.uk/rsgateway/natstats.shtml

## ENQUIRIES

Enquiries about the figures contained in this SFR should be addressed to:
Richard Boland
Schools Data Unit - Attainment (KS4/KS5),
Department for Education
Floor 5
2 St Paul's Place
125 Norfolk Street
Sheffield S1 2FJ
Telephone Number: 01142742122
Email: attainment.statistics@dcsf.gsi.gov.uk.
Press enquiries should be made to the Department's Press Office at:
Department for Education,
Sanctuary Buildings,
Great Smith Street,
London SW1P 3BT
Telephone number: 02079256789

Table 1: Time series of GCSE and equivalent attempts and achievements
Years: 1995/96-2009/10 ${ }^{1}$ (Revised) ${ }^{2}$
Coverage: England

1. Including attempts and achievement in previous academic years.
2. Figures for 2009/10 are revised, all other figures are final.
3. Number of pupils on roll aged 15 at the start of the academic year or at the end of Key Stage 4
4. From $2003 / 04$ this includes attempts in entry level qualifications which do not contribute towards $A^{*}-C$ or $A^{*}-G$ thresholds.
5. Percentages from 1996/97 include GCSEs and GNVQs.
6. Percentages from 2003/04 include GCSEs and other equivalent qualifications approved for use pre-16.
7. In 2010 iGCSEs, accredited at time of publication, have been counted as GCSE equivalents and also as English \& maths GCSEs.
8. All maintained schools excluding hospital schools, PRUs and Alternative Provision.

Table 1b: The English Baccalaureate and achievement of GCSE or iGCSE English and maths at A*-C Year: 2009/10 (Revised)

## Coverage: England

|  | Number of pupils | English Baccalaureate ${ }^{1}$ |  | GCSE or iGCSE English and maths at $A^{\star}-C^{2}$ |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Percent entered components | Percent passed | Percent entered components | Percent passed |
| Pupils at end Key Stage 4 |  |  |  |  |  |
| 2009/10 | 639,744 | 22.0 | 15.6 | 91.1 | 53.8 |
| Pupils at end Key Stage 4 in maintained schools ${ }^{3}$ |  |  |  |  |  |
| 2009/10 | 578,064 | 21.8 | 15.1 | 95.6 | 55.4 |

1. The definition of the English Baccalaureate is outlined in the SFR.
2. This is the basic element of the English Baccalaureate
3. All maintained schools excluding hospital schools, PRUs and Alternative Provision.

## Table 2: National performance of pupils attaining Levels 1 and 2 (including English and maths), 2 or more sciences GCSEs and modern foreign language GCSE for pupils at the end of Key Stage 4 Years: 2005/06 to 2009/10 ${ }^{1}$ (Revised) ${ }^{2}$ <br> Coverage: England

| 5+A*-G grades | 87.8 | 92.5 | 90.1 | 88.8 | 93.1 | 90.9 | 89.6 | 93.6 | 91.6 | 90.4 | 94.4 | 92.3 | 90.9 | 94.5 | 92.7 | 91.1 | 94.6 | 92.8 |
| - Including English and Mathematics GCSE ${ }^{5}$ | 84.6 | 90.3 | 87.4 | 84.5 | 89.9 | 87.1 | 84.8 | 90.1 | 87.4 | 85.8 | 90.8 | 88.3 | 86.4 | 91.0 | 88.7 | 86.5 | 91.0 | 88.7 |
| - Including English and Mathematics skills ${ }^{3}$ at Level 1 | 84.8 | 90.4 | 87.5 | 84.7 | 90.1 | 87.3 | 85.1 | 90.3 | 87.6 | 86.1 | 91.0 | 88.5 | 86.8 | 91.2 | 88.9 | 86.8 | 91.2 | 89.0 |
| English and Mathematics skills at Level 1 | 88.1 | 92.4 | 90.2 | 87.9 | 92.2 | 90.0 | 88.2 | 92.3 | 90.2 | 88.9 | 92.8 | 90.8 | 89.3 | 92.9 | 91.1 | 89.4 | 92.9 | 91.1 |
| $2+A^{*}-\mathrm{C}$ grades in Science subjects | - |  | . | 48.8 | 50.9 | 49.8 | 48.9 | 51.9 | 50.4 | 51.8 | 55.8 | 53.7 | 57.8 | 62.6 | 60.1 | 57.9 | 62.7 | 60.2 |
| $\mathrm{A}^{*}$ - C grades in a Modern Foreign Language | . |  | . | . | . | . | 24.9 | 36.8 | 30.7 | 25.9 | 37.7 | 31.7 | 25.8 | 37.6 | 31.6 | 25.8 | 37.6 | 31.6 |
| $A^{*}$-G GCSE short course or equivalent in a Modern Foreign Language | . |  | . | . | . | . | 39.3 | 50.5 | 44.8 | 39.6 | 51.4 | 45.3 | 39.2 | 51.0 | 45.0 | 39.2 | 51.0 | 45.0 |
| Any qualification ${ }^{4}$ | 96.7 | 98.1 | 97.3 | 97.4 | 98.7 | 98.0 | 98.1 | 99.1 | 98.6 | 98.3 | 99.5 | 98.9 | 98.5 | 99.4 | 99.0 | 98.6 | 99.4 | 99.0 |

1. Including attempts and achievements by these pupils in previous academic years.
2. Figures for $2009 / 10$ are revised, all other figures are final.
3. Includes the equivalent levels in functional skills, key skills or basic skills.

This includes passes in entry level qualifications which do not contribute towards $A^{\star}-C$ or $A^{\star}-G$ thresholds
5. iGCSEs, accredited at time of publication, have been counted as GCSE equivalents and also as English \& maths GCSEs.

## Not applicable.

Table 3: GCSE and equivalent attempts and achievements of pupils at the end of Key Stage 4 by admissions basis
Year: 2009/10 ${ }^{1}$ (Revised)
Coverage: England
