

NFU 26.7

- senior SPS adviser - been with it since innovation

- senior CAP and WTO affairs adviser: all rego.

helping on proposals, and consulting members.

es. thru' commodity boards and regional teleconferences

- increasing competitiveness, simplification, but maintaining fairness

- areas of concern es. greening - looking for recognition for existing AES, CFE

- needed to support delays to implementation

- able to work together to put pressure on Com through EP.

- COPAR is co-ord body for farming organisations

one-off

- concern about arbitrary calculation of capping savings being transferred to RDP. In practice, salaries may ↑ if SPS receipts are higher.
