Subject: Informal network meeting at COP5
ct [SEC=UNCLASSIFIED]

Dear Colleagues,

Many thanks for your input regarding our informal network meeting in Seoul.

We have taken note of comments on the draft agenda and made a minor amendment to item 3 to reflect the suggestion that we leave this item open for interventions as time permits. Certainly the most important objective of the informal dinner meeting is for us to get to know one another - the agenda is really just a guide to assist in focusing our discussions.

It seems the preference is to have two participants from each country, but we are happy to make arrangements to accommodate extra participants to act as note-takers. If any member other than Canada intends to bring a third participant, please let me know and I will ensure that arrangements are made accordingly.

I will be in contact again in the lead up to the COP to provide further details regarding the dinner and a brief background note for our discussion on information sharing.

Looking forward to meeting you all in person.

Kind regards,

 Assistant Secretary | Tobacco Control Taskforce | Population Health Division | Department of Health
and Ageing |  | @health.gov.au
